SO WHAT

By Gil Wales

For the last week we have heard many groans, gripes and grunts anent forking over fees for 1950 auto licenses. Were you one of those who became ensnarled in obtaining new plates? Then you know a bit or a lot about it.

In any case, we happened on one fellow, tearing his hair and shouting he was going nuts as a result of his harried experience. Actually, he became so riled in reciting the details, we thought he would burst a gasket.

Here is what happened. He bought a car last December. A couple of weeks thereafter, he stopped by the agency from which he made the purchase to enquire about the procedure regarding new aluminum corners for his old number.

He was told that doubtless Sacramento would send on slips relating to the business before the dead line of February fourth, however, if they were not forthcoming ere that date, to return and something would be done.

He followed instructions. February 3 came to pass, but as nothing arrived from the Motor Vehicle Department, he returned to the seller, who handed him a white slip, the latter explaining there was nothing to get excited about, in fact, there were several months leeway before the payment was due.

Now our informant is a bit of a cagey chap so in order to be on the safe side, he pulled up beside a cop, poured out his story, whereupon he was informed that regardless, nothing could be accomplished until after word from the State capital.

Of course, our man felt pretty confident that all was going well. He brushed the business from his

City Interested In Thornton Beach; But Some Object

Calling for more information on Thornton Beach, city councilmen Tuesday night expressed an "interest" in acquiring the beach from San Mateo county for city use.

A. J. Bodien, county planning board member, was instructed to inform the board of the city's interest, and to have them forward a letter explaining what would be involved in city acquisition of the 25 acres west of Skyline boulevard near Westlake. Bodien is to meet with county officials and the district attorney Friday to discuss the project.

However, there was some disapproval of the plan voiced Tuesday night by Councilman Ed Mooney and an unidentified member of the audience. Heart of the dissent was that San Mateo county, and not Daly City, should be required to develop the beach land.

"Why should we burden ourselves with the care of a beach, when that is the county's job. It's about time they started doing something for us up here in the north end," Mooney said.

A member of the audience brought out that the beach would be used not only by Daly City but by all of San Francisco and San Mateo county. He asserted, therefore, the development was a county job.

A woman in the audience met this argument with:

"It sn't a question of who is to take care of the beach. The thing is, if something isn't done, it will be turned over to private interests, and Daly City, as well as the county, will lose the use of the property."

Following this brief discussion, Mayor Green asked Bodien to bring back a letter from the Friday meeting outlining the plan for city acquisition. The council will act on the matter at some future meeting.

As brought out earlier by Bodien, the county would probably turn the acreage over to the state, and the state in turn would lease it to the city for $1 a year. Then, the city would have as much time as desired to develop the beach. Presently, the land, except for a dirt road, is undeveloped.

CITY COUNCIL MEETING

Concordia Assessment Bids 10 To 20 Per cent Too High; Meeting Monday

Residents of the Concordia area received a jolt Tuesday night when the city council opened bids on an assessment district for the area and discovered they were 10 to 20 per cent over estimates.

Of the five companies that submitted bids for putting in streets, sewers and sidewalks in the area, the lowest was Fay Improvement Co., San Francisco, with $101,911. This was approximately 10 per cent over the original estimate of Ed Smith, consulting engineer. This bid, which is only for construction work, coupled with the approximate bill of $15,000 for drawing up plans and so forth, comes to $116,911.

The original estimate was for $95,000 construction work, plus $15,000 for engineers, for a total of $110,000.

In the light of the bids, the council will hold an informal meeting with Concordia residents Monday night. At that time they will be advised of new assessment figures (tentatively based on the lowest bid), and what may be done to cut down the cost of the project.

Smith found the biggest discrepancy on what he had estimated, and on the bids, in sewer work. It may be possible to economize on the sewers, and lower the job cost, Mayor Green noted.

Following the Monday night meeting the council will meet on February 27 to take definite action on the bids. They will either call for new bids, or hike the original individual assessment costs. Any action they may take will depend on what is decided this Monday night.

Other bids on the job were: L. C. Smith, San Mateo, $112,295; Douglas and Woodhouse, Redwood City, $112,695; Freeman Paving, Palo Alto, $115,968; Peter Sorensen, Redwood City, $122,695.

No mention was made Tuesday night of the Starlite theatre problem. (See letter from Concordia resident, printed elsewhere in the Record.)

The other principal business of the meeting was to purchase land for the five parks and War Memorial center. A full story on the purchase will be found on this page.

The council also approved a forthcoming industrial survey of San Mateo county, to determine possible future sites for industries in this area. Approval of the survey came after the council received a letter from South San Francisco's Mayor Leo Ferko, asking local cooperation.

With an eye on the forthcoming Red Cross drive, the council donated $50 for the City of Daly City.

Other business before the council consisted of:

1. Passage of an ordinance to create a 10 foot setback on Junipero Serra boulevard. Hereafter any building going up on the boulevard must be 10 feet back from the highway.

2. Two abatements — Haskins property on Mission across from Jefferson High school and a building at 60 Vendome street — were postponed until April 10.

3. The council accepted Lester Bastedo as a permanent member of the police force upon the recommendation of Chief of Police W. W. Sunderland. Bastedo has served his six months probation

(Continued on Page 2)

Two Concordia Residents State Their Views On Certain Questions

(In a "Letter to the Editor," two residents of the Concordia tract state their views on the present drive-in theatre question. The Starlite theatre chain will open such a theatre in the northeast corner of Daly City, just over the city line in San Mateo county, sometime this spring.)

To Whom It May Concern:

In August, 1949, signatures of property owners in this district (Concordia tract) were solicited by Mr. A. L. Kruegberger (later identified with the United Investment Co.), stating that he proposed to build 100 or more homes in the district known as Bella Vista Terrace property adjoining the San Mateo county line on the east and incorporating sections of Mar Vista drive, Edgemar, Frankfort and Lowell streets.

He stated further that he wished to improve his property, before the actual building and putting in of streets, sidewalks, sewers, etc. Accepting his statement, the majority of residents signed a petition for improvements.

Prior to the date of the first hearing on November 28, 1949, grading was started on the Crocker estate land by the Starlite Theatre Co. This property is adjacent to the proposed Concordia assessment district.

The plans being used by the grading contractors were dated June, 1949, and drawn up by Mr. Edwin H. Smith, an engineer of Redwood City. These plans showed a street from the theatre site tying in with Daly City streets at Bella Vista Terrace via Mar Vista drive, Edgemar and Lowell streets, and making use of approximately four building lots.

The lots are shown on the map of the Concordia Assessment district, project 1949-1, and dated January 1949, and drawn up by Edwin H. Smith, project engineer of said district.

This map is apparently duplicated in the published notice of the adoption of zoning ordinance No. 294 as of Daly City, June 1949. The lots above mentioned are listed as R-1, single family dwellings.

No mention was made of the proposed drive-in theatre by Mr.

Toyland Nursery School --- Where Daly City Children Learn And Play

Dressed in the conventional full frock of the artist, the four-year-old blue-eyed boy applied paints to his "masterpiece" with swift, sure strokes.

In another corner of the large, sunny room, a curly-haired, full-faced three-year-old girl diligently fitted a puzzle together.

These are but two of the 10 children who are now living and learning in the Toyland Nursery School, 462 Templeton. They are typical of the group that comes each morning at 7 a.m., and returns home at 6 p.m.

During that 11-hour interval the children, ranging in age from two to five years, are given the finest care possible by trained nurses and teachers. Under the direction of Mrs. Grace Wilson, a former public health nurse, the school is a desperately needed "oasis" in the present shortage of nursery facilities in the Daly City area.

An efficient idealist, Mrs. Wilson opened the nursery here only last August. During the interval she has been able to convert her two-story home into an ideal place to care for young folks.

"I started the school, when I found how parents in this area were in need of some place to bring their children during the working day," Mrs. Wilson recalls.

"I only wish we had room to accommodate more children. I'd like to be able to take care of every infant in Daly City, but present conditions make that impossible," Mrs. Wilson said.

With the help of her husband, and several interested women in the community, Mrs. Wilson has managed to build two modern, fully-equipped nursery rooms in the upstairs of her home. In the basement there is a variety of toys and equipment, to be used there, or in the adjoining backyard where a swing, slide, sand box, rocking boat, and other such items keep the young people constructively busy.

But let's see how a child looks at the nursery.

Between 7 a.m. and 8 a.m. he is brought to the school by his parents. (At some future date Mrs. Wilson hopes to be able to furnish transportation to and from the nursery.) At 8:15 he is given breakfast in gayly-decorated surroundings. Completing this meal, he goes to one of two rooms. (The two- and three-year-olds and three-and-one-half- and five-year-olds are separated into two different groups.)

Both rooms are equipped with the latest in puzzles, peg toys, miniature stoves, sinks and so on, dolls, play furniture and just about everything that any child ever wished for under a Christmas tree.

Under the supervision of trained

20 YEAR EAGLES HONORED AT OLD TIMERS' NIGHT

Last Thursday evening members of Colma Vista Grande Aerie No. 1848, FOE, gathered to honor these 20 year members. Each of the members was presented with a 20 year pin, and officers of the organization of 20 years ago presided. Honored were, left to right: A. J. Bodien, John Sacaldosis, Luigi D'Elia, Ed Cavagnaro, Leo Kusber, Joseph Noere, Joseph Chiotti, George Chiotti, John Erickson and Thomas Allen.

DALY CITY HIGH SCHOOL TEACHER ANNOUNCES CANDIDACY FOR COUNTY SUPERINTENDENT OF SCHOOLS JOB

Victor G. Binsacca, a Daly City school teacher, announced today he will be a candidate to succeed Pansy Jewett Abbott as San Mateo county superintendent of schools.

Election for Miss Abbott's successor will be held in June.

Binsacca, with a wealth of educational traning and practical experience as a background, is currently connected with both Jefferson Union High School, Daly City, and San Mateo Junior College.

His past experience, which stretches back 23 years, includes 11 years as a high school principal. He has been a teacher at three education levels: elementary, high school and junior college.

In between his teaching assignments, Binsacca has found time to sandwich many other activities. These include being an officer

of the San Mateo chapter of the University of California Alumni Association; being a member of the county scholarship committee for the University of California; being a committeeman for the Boy Scouts of Amerca for the county; being a past cubmaster for Pack 12, Baywood (San Mateo); being

James Reardon Enters Campaign For Council Seat

James Reardon, 52, former Daly City Chief of Police, this week took out nomination papers for a seat on the city council.

Although Reardon wasn't available for comment, his wife stated that he "definitely" was interested in running for a seat on the council April 11. This squelched a rumor that Reardon had taken out the papers for an unidentified relative. (Nomination petitions may be received by anyone from the city hall between now and March 2. Only when they are filed at a a man place himself on the ticket as a condidate).

As yet, neither Mayor Green nor Councilman A. J. Gaggero have stated whether or not they will run. Gaggero said he would make a statement next week. Green is also expected to make an announcement at that time.

Incumbent Councilman Mel Battye has already stated he will seek re-election; and Hugh H. Smith Jr. has made a bid for the council.

Chances are that Reardon will align himself with the Green-Gaggero faction, thus possibly making a three man team to oppose Smith, Battye and a yet to be identified candidate.

A resident of Daly City since the early 1900s, Reardon is a veteran of World War I. He went to work for the Daly City police department in 1924 and resigned in 1944. He was Chief of Police from 1936 to 1938 and from 1940 to 1944.

Presently he is employed by the Golden West Linen Supply company. Reardon lives at 20 Rice street with his wife and two children, Arlene, 16, and James Jr., 15. He has another daughter, Mrs. Marie Preston, living near San Jose.

Keep Your Dog Away From Schools

Children being bitten by dogs has reached the stage where the pets must be banned from school grounds, James Snell, Jefferson elementary school district superintendent, said today.

Therefore, as of Monday, February 20, children will be requested to leave their dogs at home. Parents are also asked to cooperate in this safety measure, Snell said.

After 9 a. m., the city pound master will pick up any stray dogs around the school grounds, Chief of Police W. W. Sunderland said.

"We don't want to be unduly harsh concerning this matter, but we've had too many children bitten by dogs recently, and we have to try something," Sunderland declared.

The ban against dogs around the schools will be enforced for several weeks until such time as all stray pooches have been picked up, or accounted for.

Read The "Record;" Win A Subscription

What sum was paid this week by the city for park and War Memorial building property?

Answer this question, and win for yourself, or a friend, a three-month FREE subscription to the Daly City Record.

If you know the answer, and it can be found on this page, call the Daly City Record at JUniper 7-4321. The first three persons to call will receive the FREE subscriptions. There are no strings attached to this contest, we merely want to award our readers for reading the "Record." However, weekly winners can not enter again for three more months.

Last week's winners include: Mrs. Joseph Maffei, 91 Bruno avenue; Mrs. William Mayse, 232 North Parkview; Mrs. Margaret Heffron, 252 Franklin. (She is having the paper sent to William Hanna, 357 Bellevue avenue.)

PLAYING TO LEARN AT THE TOYLAND NURSERY SCHOOL

Caught in various stages of play are these children of the Toyland Nursery School, 462 Templeton avenue. The youngsters, ranging in age from two to five years, attend the school during the week, and are given all the benefits of modern education. Information on the nursery school may be obtained by calling its director, Mrs. Grace Wilson at JUniper 4-7109. To the far left is Mrs. Grace Charles, teacher, with Christine Hughes. The teacher at the table is Mrs. Helen Anderson, and the children are, left to right, around the table: Renee Keller, Vicky Banach, James Lewis, Joan Lorberbaum and Jeffrey Klepper. The young artist is Douglas Avery. (Photo by Myra)

CITY PURCHASES LAND

Council Approves Acquisition Of 14 Lots For Parks, Memorial Building

Moving one step further toward the realization of five new and improved parks in Daly City, and a War Memorial building, the council purchased 14 lots Tuesday night.

Total cost of the lots was $26,840. Highest price was $13,000 for two lots to be used for the $295,000 War Memorial building at Alp and Mission streets.

While all of the councilmen approved the purchase, Councilman Mel Battye voiced some doubt as to whether or not they were all worth the price paid. He made no specific charge, but frequently asserted that "it seems too much to me," as the council approved the various purchases.

Councilman A. J. Gaggero challenged Battye, by asking him if he could buy any of the lots, especially on Mission, at a lower price. Battye did not reply, although he asserted he had not been consulted before the purchase. Mayor Paul Green noted this was not the case, and Battye had been given every opportunity to voice an opinion.

Although smiling, Battye gave his approval to each of the purchases.

The land will be used for the development of a new park near Frankfort and Acton; extension of Lincoln park; a park in Edgewood Terrace and Hillside Manor; and land for the War Memorial building.

At the present time the city is also negotiating to purchase land in the southern section of Daly City (below School street) for another park, Mayor Green said.

Meanwhile, the mayor asserted that grading work will soon begin on Marchbanks and Lincoln parks. And as soon as possible the land purchased Tuesday evening will be developed for parks.

Vernon Dean, landscape architect, is now working on plans for the new parks, as well as improvements of existing facilities at Marchbanks and Lincoln.

As reported in the "Record" last week, work on the War Memorial building is expected to get under way early this summer.

POLICE CRACK THREE THEFTS

Within a few hours today, Daly City police had solved two burglaries and one petty theft case, and taken three juveniles and two men into custody.

Three 14-year-old boys of Colma, Daly City and San Francisco, respectively, admitted burglarizing the home of Bacci Delfino, 24 E. Cavour, Wednesday afternoon, police said. The boys came into the house through an open back door and pilfered three bedrooms of a man's watch, gold ring and about $15 in cash.

Solution to the burglary came in a round about way when late Wednesday the boys were picked up outside of Fairfield by the Solano county juvenile bureau. A call had gone out for the two local lads as runaways from home. They were found hitchhiking and when returned to Daly City, Chief of Police Sunderland recognized one as a possible burglar suspect. He questioned the boy and the lad admitted the burglary, police said.

The youngsters have been turned over to the San Mateo county juvenile authority. Chief Sunderland reports most of the money and goods stolen from the Delfino home has been recovered.

Meanwhile, awaiting trial in police court Friday is Ronald Becker, 20, 130 Lippard street, San Francisco. Becker was picked up by San Francisco police after information reached Daly City officials he had allegedly broken into the Jefferson High school cafeteria February 6 and stolen some ice cream and candy. Becker is charged with petty theft.

The third arrest came at 6 p. m. Wednesday outside of the Daly City Hardware store, following a call from Ed Nenstiel, manager, that a man had stolen a $15 steam iron.

Police arrested Lois L. Richards, 37, 577 South Van Ness, and charged him with petty theft. Richards, whose record shows 25 arrests since 1927, was found with the iron just outside the hardware store, police said. He is charged with petty theft and will appear in police court Friday.

Thief Carries Off Religious Vacuum

Missing today from the Broadmoor Presbyterian Community church is a "religious" vacuum cleaner.

The Rev. John Glasse reports the cleaner was stolen from the church, 87th off Junipero Serra, sometime Monday night. The thief broke open the back door and whisked off the machine. However, he left behind some valuable copper plates and other items, Rev. Glasse said.

Doublefold is the loss to the church.

Not only was the "religious" cleaner used to sweep up dirt, but on Sundays it's air furnished power for the church organ.

"Little wonder then, that we feel we've lost a friend," Reverend Glasse said. "That vacuum was both mechanically and morally good, hence it was, in a sense, relgious."

Not only did the unidentified burglar get a sweeper, but it also looks as if he may have carried off some old time religion. Rev. Glasse hopes he absorbs some of the faith, and returns the combination cleaner and organ pump.

Mayor Promises Hog Truck Removal

Promising to meet with an official of the Consolidated Hog Co., "as soon as possible," Mayor Paul Green told a group of Bruno street residents Tuesday that the Hog Co. garage may have to be closed.

The residents, headed by David Cantwell, 144 Bruno, asked the mayor for immediate action on the situation. At the present time the Hog Co. is parking trucks in a garage on Bruno. Residents claim the presence of the vehicles is not only dangerous to children, but also constitutes an alleged health menace.

According to the mayor, the company was supposed to have moved January 1. Mayor Green said he would meet with company officials and straighten out the matter.

Edgewood Group Plots 1950 Action

Formulating plans for the coming year, the Edgewood Terrace Civic Association board met Tuesday night.

President Vincent R. Moran drew up a proclamation outlining some of the projects the association will back. These include:

1. Action to prevent further slides on dead end streets in the Edgewood area.

2. Better traffic control on Hillside boulevard and Mission. (See Letter To Editor column).

3. Development of recreational facilities in the area.

Other plans were also presented but they are in the tentative stage and will not be announced until some later date.

Meanwhile, all residents in the Edgewood area are invited to attend the regular meeting of the Association February 28. It is held at 8:15 in City Hall.

Super Yacht Being Built For Doelger

Home-builder Henry Doelger (Westlake project) is now having an 85 foot motor yacht being built in Stockton to join the Bay fleet in about six months.

Appropriately enough she will be named the "Westlake" and will have room for 12 passengers and four crewmen, air conditioning, radar and other such features.

Cost of the yacht is estimated to be well over the $200,000 mark. Stephen Bros., builders of the yacht, say it is the largest such vessel to be built on the Pacific Coast in 40 years.

CONCORDIA RESIDENTS

(Continued from Page 1)

Kruegberger when he solicited our signatures in August. We assume he didn't know about the theatre, but we question his judgment in releasing his lots on Mar Vista drive as a method of forming an exit from the theatre into Lowell street.

At the city council meeting, November 28, the council disclaimed any knowledge of a proposed drive-in theatre, or of the actual start of grading thereon. They claimed the theatre was on county land, and they had not been advised of any plans approved by the San Mateo county planning commission.

As a result of the meeting of November 28, 35 property owners in the district signed and filed with the council on December 15 a petition protesting the use by the theatre company of Lowell and Guttenburg streets; but if they did use the streets they should pay a substantial sum toward the proposed improvement district.

At a later meeting, it came out that four lots on Mar Vista drive were owwned or had been reconveyed to the Crocker estate for the Starlite Theatre for the purpose of entering Daly City streets at the intersection of Mar Vista drive, Edgemar and Lowell.

Thanks to Councilman Mel Battye, the protestants learned that an ordnance (zoning No. 294) requires a permit from the city council before making use of any land within the city for purposes other than for which it is zoned.

At the same meeting the owners rejected a $2,500 offer by the theatre to help pay for the assessment district, and advised the theatre to find another exit and entrance.

January 9, at another council meeting, City Attorney Frank Blum rendered the opinion that the theatre as a commercial enterprise, did not have the right to invade a residential section.

The above was well covered in the Daly City Record, however it is necessary to enter objections to the paragraph which erroneously stated that the Concordia property owners planned to stop the theatre people from using Lowell and Guttenburg until the $10,000 "demand was met." Our rejection of their "high offer of $2,500" was final, since we had assurance that our rights in a residential district were protected.

Our agreement with Mayor Green was that the council be allowed to proceed with the district, with the stipulation that the theatre people find other means of entrance and exit to the property.

Representatives of the Crocker estate and the Starlite theatre group finally appeared before the council more than 60 days after the meeting of November 28.

Statements of improvements in the Crocker estate as reported in the Daly City Record, have nothing in common with the question of improvements in the district. That is another question.

The contour of the land, i.e. being bound on the south by a very steep and rocky hill and on the east by the land leased to the drive-in theatre, precludes even the most remote possibility of any future connection with the Crocker estate properties.

THEATRE QUESTION DEVELOPMENTS

1. The question of use of streets by the theatre company met with growing opposition at an informal meeting with the council February 6. A petition bearing some 20 signatures of property owners on Guttenburg street was presented in protest against the use of that street as an entrance to the theatre.

Out of approximately 30 property owners present, none seemed in favor of making any concessions to the theatre.

2. The statement accredited to the Crocker estate officials regarding annexation of theatre property to Daly City is evidently a tie in with their desire to get city water and sewer rights.

Our reaction to the annexation is unfavorable, since that would make the sewer and water services mandatory. As all water comes from wells, people in the Concordia district should have first consideration if additional pumping facilities are necessary.

As to sewage, the contour of the land enters into the picture again. The natural grade is toward the city of San Francisco sewer system. However, these are engineering problems. Still, one would suggest a more careful study of the problem.

On the subject of sewage, we understand that a Mr. E. O. Morrow, 190 Edgemar, has been left out of the district, as a result of which he will still be without sewer service and paving. In all fairness to the residents of this section of Daly City, must we leave this one property owner forced to rely on a cesspool for sewage disposal and still serve the theatre?

3. Opinions of representatives of the theatre company that the drive-in theatre will in no way bother people: reference is made to the South San Francisco theatre, as near a residential district, and Mr. Carl Curry, a resident of Concordia, asserts residents of Mayfair Village, near the theatre, are protesting, as they say the theatre constitutes a nuisance.

If this condition prevails on the level ground of South San Francisco, then the steep grades of Guttenburg and Lowell streets, with the numerous blind and narrow intersections, would constitute a greater hazard.

Our object in assembling this information has been to dispell any misunderstanding of our attitude as property owners in the Concordia district.

We object to a commercial enterprise attempting to reap the benefit of our expenditures. That was the basis of our request that they help bear the expense of improvement.

Had we been advised at the first hearing that an ordinance existed which protected our residential streets from use by a commercial enterprise, no doubt the bid for the work would have been accepted and actual work in progress by now.

When plans for a drive-in theatre and a residential improvement district, drawn up by the same engineer and during approximately the same period of time, are in conflict, a vigorous protest certainly is in order.

Breslauer Jury Is Chosen; DA Wants Death For SF Men

Rejecting anything but the death penalty for Roy Teller, 27, and John Ruano, 34, District Attorney Louis B. Dematteis opened the first day of the Martin Breslauer murder trial Thursday.

Actually the trial began Tuesday, but it took two days to choose a jury of four men and eight women to try the two San Francisco men.

Teller and Ruano are charged with the robbery killing of Breslauer September 29, when the 61-year-old bookie was shot to death and robbed of $2,800.

Tuesday morning the attorney for the defense, Andrew Bodisco, offered to plead Teller guilty of first degree murder with a recommendation for leniency and Ruano guilty to second degree murder.

Dematteis turned thumbs down on both proposals, saying that he is sure he has an air tight case against the men and wants the death penalty.

(Never has a San Mateo county jury sent a man or woman to the gas chamber for murder. This leads many in "the know" to believe that Dematteis has a trump card up his sleeve that he will pull to cinch the case for the state.)

Later, both Teller and Ruano denied that they were ready to "cop a plea," both stating they were innocent.

Petition Circulated To Oust Bill Klose

Moving again to oust San Carlos Councilman William Klose, petitions for recall were being circulated today in that community.

Klose replied the move was to "get him out of the way" so when the city manager plan comes up for vote it can be repealed. The city manager plan was earlier adopted by a vote of two to three on the council, with the two councilmen voting "no" both subject to election on April 11.

Even if both councilmen are elected they will not have a majority vote. Consequently, the move to get rid of Klose, Klose states.

Basis for the recall is that Klose is allegedly not a legal resident of San Carlos, and therefore cannot hold a city council seat.

SO WHAT

(Continued from Page 1)

mind until last Saturday when he and behold the slips came in the mail.

The time? Just after midday, or too late to rush down to the Bank of South Van Ness Avenue, where the local Motor Vehicle Department's offices are located.

However, to be on the safe side, on Monday afternoon, or February 6, he lurched into the San Francisco site, mounted the line and began a wait that lasted for more than an hour.

At last, his turn came at the window. He pushed all of his papers through the opening. The youth on the other side scanned them a moment, then announced tersely, a fine was in order.

How much? Just double the amount of the regular fee.

At this point, our hero was fit to be tied. But getting a hold of himself, he precisely and calmly recited his story from the beginning right up to that moment.

The words well on deaf ears. When he was through, the clerk, without blinking an eyelash, laconically repeated his statement about paying double the original amount.

Fairly foaming, our man asked to see the officer in charge. He was informed of the latter's location, with the loud aside that nothing could be accomplished by such a maneuver.

Undaunted, the steaming figure rushed to see the manager. Again, he bared his pitiful tale only to be told that, unfortunately, a penalty payment was demanded.

This time he saw red. He was about to explode all over the place, then realizing that he might wind up in the clink, sputtered something to the effect of, "what should have been done?"

He was told that if nothing else, he should have brought in his bill of sale for the car, and used it as a basis for paying. Then came the topper that nearly caused a riot.

He was asked if he had called the Department's Van Ness office for instructions. With that he turned to us and asked if we had ever done just that. And before we could reply, he hit the ceiling.

Well, we are inclined to think that our friend really had cause for excitement. In the first place, how is it the bill of sale could be used to negotiate the transaction?

In almost every detail we ever have heard of, the state and city will not accept private papers as a means of doing business. They both insist on some sort of a document of their own.

Next, what about the data obtained from the auto agency and the gendarme? Surely, it warrants some consideration from the authorities. After all, the agency and the cop should know what it's all about.

Again, why wasn't all of the information given to the newspapers so that the details could be hard and fast for all to see? We read carefully, all of the stories we happened on, and we must emphasize that we saw nothing about a half dozen points mentioned by the victim.

Again, we wish to stress that we listened with a cupped ear to radio announcers when they discussed licenses, but heard nary a word about offering your bill of sale, or calling the state office, etc.

After all is said and done, the intent is the basis of such fines. Therefore, if a man or woman complies with information received, and has a just reason for being late, due consideration is warranted.

Anyway, we suggest that next year, the vehicle department should send plenty of details to the newspapers — all of it, in truth — then they will save many a headache for themselves, and frayed nerves for the auto owners.

CITY COUNCIL

(Continued from Page 1)

period.

4. Upon the recommendation of Councilman Fred Bertetta the appointment of David R. Newman to the city water department was put off until February 27. Newman has served his six months probation period and was recommended by A. J. Bodien, works superintendent.

5. The sale of one lot at Hillside and Alp, at a public aution in city hall at 2 p. m., March 6 was approved. Bids on the property will be accepted by the city clerk and action taken by the council at the regular meeting following the March 6 auction.

6. Plans for Westlake Subdivision No. 3 were presented. They are to be examined by the council and approved at some future meeting.

MUTUAL COURTESY

Mutual observance by drivers and pedestrians of the coutesies of the highway would materially reduce the traffic accident hazard, says the California State Automobile Association, urging pedestrians to avoid jaywalking and drivers to observe pedestrian rights at intersections and crosswalks.

Letter To The Editor

(This letter should interest all merchants in Daly City. We would be glad to print any suggestions they might have on the problem posed by this reader.)

Dear Sir:

I would like to make a suggestion that the merchants of Daly City and the Daly City Record use their influence to get the City Municipal lines to extend either the No. 26 bus line or the 14 bus line down to north side hill, to maybe San Diego, up Delong to Santa Cruz avenue, back up Hillcrest drive.

With as many people that live on this side of the hill, and the way it is building up, it would pay them to do it. We have no shopping district, and we, as well as others, don't have cars to shop with. Consequently we have to go to West Portal.

If there was a bus line extended down the hill, we could shop in Daly City. This is just a suggestion.

Signed,

Henry C. Dozier
22 Ramsell street
San Francisco

Editor,
The Record

"As a life-long resident of Daly City, I read last week with interest the Record's story that Hugh Smith Jr. would 'likely' be a candidate for councilman in the April election, and that he was looking for another candidate to run with him and Councilman Melford Battye on an asserted program of a 'clean' city and 'economical' government. Clap-trap!

"So far as 'economical' government is concerned, the statement seems like calculated hypocrisy. Three years ago Mr. Battye's tax rate was 1.296, with no improvements to show for it. The present tax rate is only 1.17. So if the present administration can lower the tax rate by 12 cents and still finance a $445,000 program of civic improvements which can be seen, that looks like darned good economy to me.

"Daly City has had more progress in the last two years than it ever had in its history. The annexation of the beautiful Westlake tract and the recent Recreation bond issue will help to make Daly City one of the leading cities on the peninsula and show that the people are overwhelmingly in favor of such progress. I understand that both Mr. Battye and Mr. Smith opposed both issues, as well as other issues, while giving lip-service to 'progress.'

"Perhaps the real reason behind Mr. Smith's 'likely' becoming a candidate is his desire to sell the city a right of way to extend from Brunswick street through the Hillside quarry; all in the interest of 'economy,' of course. Tch! Tch!

"In closing I would like to congratulate the Record for its fair policy, and for consistently endorsing progressive ideas for the good of the city.

"Yours for continued progress,
"Sincerely,
"JAMES BAIRD JR."

"Dear Sir:

"We are a group of people that live on Hillside boulevard. We read the article that was in the 'Record' about the speeding on Hillside boulevard, and we agree with that party.

"We know the Daly City police are doing fine work. Nevertheless they should enforce the law on Hillside boulevard.

"I happen to have lived on Hillside boulevard all my life, and the speeding has always been terrible.

"So we thought we would write, and agree with that fellow (Chester Copple, 26 Hillside) that wrote the article.

(Note: Copple made the statement about speeding under "Voice of the People.")

Signed:
Mrs. Erma Messina
Mrs. John Bottaro
Mrs. Yolanda Tognoli
Mrs. Alice Menicucci
Mrs. Julio Pera
Mrs. Ed Goehring

(Ed. Note — Chief of Police W. W. Sunderland was shown this letter. He replied that the Daly City police force has, and will continue strict enforcement of speeding laws on Hillside boulevard.

However, he noted that there are only so many policemen to go around, and there are other streets in Daly City which also must be patrolled.)

New Studebaker ideas pay off in big savings for truck owners!

- See for yourself what Studebaker has done to give these trucks a new kind of pulling power, staying power, earning power!
- A frame of new strength—with a rigid, twist-resisting K-member up front!
- A cab of new roominess, visibility and comfort! Low floor and enclosed safety steps! "Lift-the-hood" accessibility!
- Stop in and check up on these money-saving new Studebaker trucks right away!

Local School Teacher Candidate For Supt. of Schools

(Continued from Page 1)

president of the Elmwood Improvement Club; being past president of the Jefferson Union High School Teachers Association, and being founder and past chairman of the Peninsula Coaches and Officials Association.

Having a diversity of hobbies himself, it was only natural that Binsacca should be named vice president and program chairman of the San Mateo Hobby Show.

Binsacca, 44, is a native of Soledad (Monterey county), and a graduate of the University of California, Class of '27. He has also had several years of graduate study at his alma mater.

He is married to the former Beatrice Sheldon of Berkeley and the couple has two children, Barbara Ann, 13, and Victor, Jr., 11.

In announcing his candidacy, Binsacca said that if elected he will continue to run the county superintendent office on the same high plane on which Miss Abbott conducted the office for a quarter of a century. He said that as both an educator and a parent, he is aware of education's ever-changing needs in this county and will do all in his power to satisy such demands.

KEEP WINDOW OPEN

No matter how cold the weather always keep one window of your car partially open to avoid accumulation of deadly carbon monoxide gas in your car. The California State Automobile Association points out that the gas is odorless, colorless and tasteless, and its presence is therefore often unnoticed until it is too late.

Toyland School

(Continued from Page 1)

personnel, the children are taught not only how to get along with one another, but are given every chance to develop enviable traits.

At 10 o'clock, our student is given an opportunity for "free play" in the basement, and out in the backyard where he uses the swings and other equipment. Here, he is left to his own devices, and learns that in play as in work he must take and give.

Following lunch at 11:45, he is given an opportunity to develop his creative personality via finger and easel painting. Visitors to the nursery can see that whoever said most children, until seven years old are potential geniuses with a paint brush, was not far from wrong.

Tired from his morning, our boy is given a nap at 2:30 p.m. Upon awakening at 3:30 p.m. he receives a light snack (not smack).

The rest of the afternoon is spent in play, and at 6 p.m. his father or mother takes him home.

Fridays the routine is changed somewhat, for in the afternoon he is taken to a park, museum, zoo or other places of general interest.

This, then, is the work of the nursery. At the present time, Mrs. Wilson is hoping that when a local church is built, sometime this spring, she will be able to move her nursery to the church and accommodate from 30 to 40 children.

"Until then, we'll continue to do the best we can to help the children in the community," Mrs. Wilson said.

Assisting her in this fine work are Mesdames Grace Charles, Helen Evans, Emma Gounod, Helen Anderson, Dorothy Stone and Miss Mary Sea.

Further information on the nursery may be obtained by making a personal visit, or by calling Mrs. Wilson at JUniper 4-7109.

Crime Report Names Former SM County Man

While police to the south were looking for gang leader Jack Dragna today, a former San Mateo county man was named by the California crime commission as a "new force" in crime.

He is James Francis Utley, recently alleged to be associated with bingo games near the San Francisco county line, and supposedly a friend of "Bones" Remmer.

According to the crime commission, Utley is connected with various gambling interests in Southern California.

District Attorney Louis Dematteis raided Utley's bingo games on the county line twice.

STEPS TO SAFETY

Most pedestrian deaths occur between intersections. Don't jaywalk, urges the California State Automobile Association. Take those few extra steps to an intersection or crosswalk, where the motorist expects pedestrian traffic and is alert for those afoot.

Voice Of The People

Last week a suggestion made by one of the citizens in this column, that Daly City change its name to Vista Grande, met with varying degrees of enthusiasm by other residents.

In an effort to fathom opinion on the question, the editor asked various people this week:

"Do you believe we should change the name of Daly City?"

Following are the answers:

Mrs. Marie Bishop, 66 Bepler, I believe the city should remain as Daly City in honor of John D. Daly, who kave new life to people here after the earthquake. He not only furnished the city with goat's milk, but also gave food and money to the needy. If others don't like the name, they should move to another city. We should keep the memory of the giver.

Mrs. Lelia Hanson, 407 Santa Barbara (housewife) — I think we should change the name of Daly City to Vista Grande. The latter name sounds much better and bespeaks of class.

Gabriel Catrysse, 123 Whittier street (PG&E retired employe)— We might as well leave the name as it is. In a few more years we'll become a part of San Francisco, anyway.

Mrs. Edria Trotter, 456 Westlake (housewife) — I can't see any reason for a change. Daly City is good enough.

K. G. Lamb, 154 Winchester (cattleman) — I'm against changing the name, as most people wouldn't recognize Vista Grande as Daly City, and we'd have to put ourselves back on the map all over again.

Mabel Guillory, 238 Los Olivos (housewife) — I don't think they should change the name of Daly City.

Benny Peralta, 32 E. Cavour (student at OLPH) — Leave the name the way it is. Daly City sounds O.K. to me, and I don't think it should be changed.

Marguerite McBride, 236 Los Olivos (housewife) — I think one name is as good as another.

Alvin Gerino, 6235 Mission (real estate) — Daly City is a much easier name to pronounce than Vista Grande.

Ann Ryan, 670 Hanover (housewife) — I've lived here six months now, and I think Daly City is as good a name as any. Besides, it would be too confusing to change names.

AROUND THE VILLAGES

with Verna Duste

Well, now, what did we always say about the "lull before the storm?" Okay, so we stole it from someone else, but it isn't the first time! Anyhow, back to said lull—and said storm! This week, gives **eight** babies — reported, not born all in one week. Is your baby's name here?? Why not?? Call us —JUniper 5-1865, after six in the evening, and we'll see that it appears!

The Remy B. Lichtenbergs on Louvaine have added another girl to the Lichtenberg galaxy — Mary Beth, weighing in at 9 lbs. 11½ oz. (whew!) on February 9th.

Proud to call Washington St. home is Donald William, son of the Gordon Peters, who arrived to them on January 15th, weighing 7 lbs. 8 oz.

New to the world and of special interest to Thornhill Drive, is Joseph Alfred Fernekes, weighing 7 lbs. 4 oz., with birthday January 29th.

Next on our Pink-and-Blue list is Gregory Deal, the pride of 89th St., who arrived February 7th to the Thomas Deals, to the tune of 6 lbs. 8 oz. Nice deal, eh?? (We aren't apologizing for the puns this week. We Caen't, just Caen't. By the way, the printer will be promptly drawn and quartered for having killed **that** nice one last week!)

A little United Nations touch is supplied by Miss Ludvika Kostevitch, of Larchmont drive, who calls the Vladimir Kostevitches "Mama" and "Papa." Weighing 9 lbs. 2 oz., Ludvika arrived January 27th.

The first of what will be a rapid series of Midway babies arrived February 6th — Roger Scott McGowan, 7-lb.-3-oz. son of the Earl McGowans.

Mr. and Mrs. Paul Grigorieff are justifiably proud of their little Michael Paul, weighing 4 lbs. (but doing fine!! proud Grandma attests) and born February 5th. More of the Midway "Class of '62."

Welcome, welcome, new villagers. After a week or two, we'll be listening for your approving (or dissenting) voices at Board meetings (eh).

Lynn Parkison, on 88th St. blew out two candles on her birthday cake on February 10th, with a family party — Russ and Jeanette, Mama and Papa, respectively. Oh yes, Vernon was there — the family cat.

Judy Browr, celebrated her 12 years on February 7th with a quiet family party. Quiet, that is, with Mike and Pat in on the cake! (The twins — more birthdays next month!!)

Remember those pajama parties they used to have when we were (ahem!) schoolgirls?? Well, now they call them "Slumber Parties," and the idea is — no, not to go to bed, but to see who can stay up the longest! Anyhow, the latest giver of such an interesting affair was Bonnie MacAvoy, up on Larchmont, and the guest list included Misses Judy Brown, Eileen DeBernardi, Linda Caravano, Joan Skoverski and Zeta Taylor.

No, no, Sam, that luscious smell was **not** stewed possum, it was Cherrie Berger's delicious spaghetti sauce (they tell us — sniff!!). Anyhow, to give you a small (very small) idea of the amount of sauce she made — here's the guest list: the Frank Perrys, Cecil Snovers, Roy Nashes, Gordon Peters, William Royces, Leon Johnsons, George Torres, Earl Johnsons and Gene Schoecks. To say nothing of the 50-gallon drums boiling with spaghetti. Yipe!!

Well, kids, we've about used it up for now — let's hear your news, huh?? You Garden Villagers—how about a little about **your** doings?? Call JUniper 5-1865. Selah!

COLMA --- BROADMOOR GARDEN VILLAGE

Broadmoor Erosion Problem Is Being Solved, Association States At Meeting

Now "fairly well" under control is the erosion difficulty in Broadmoor, Louis Manis, erosion chairman, reported today following a meeting of the Broadmoor Property Owners Association Thursday.

Some 50 interested residents attended the meeting which was devoted almost entirely to a discussion of damage caused in the recent flood of mud and silt.

Henry Stoneson, builder of Broadmoor, appeared to be taking definite steps to rectify the individual property damage as well as to protect the home owners from another such occurrence, Manis said.

"It seems to me that the majorty of specific problems concerning damage, presented to the board, have been, or will be answered to everyone's satsfaction," Claude Hanrahan, Association vice-president, noted.

Evidently of the same opinion is James Thomas, 868 Beachwood drive, who reported that during the rain the foundations were almost washed out from under his house. He was at the Thursday nght meeting and voiced his complaint.

Later Hanrahan contacted Stoneson, who in turn talked to Thomas, assuring him that the damage would be repaired, Hanrahan reports.

In the majority of other cases Stoneson has gone far beyond his legal responsibility to make specific home repairs, Manis said.

With a crew working every day of the week, Stoneson is now putting bulk heads and planting rye grass to prevent any further erosion problems, Manis reported. However, Manis noted that such action took time, and good weather.

"We can't expect miracles over night, but it looks like the worst is over," Manis said.

Only other business at the meeting was a report that new street signs are now up and that the addition to the Broadmoor community center has been completed.

Colma PTA Holds Founders' Day Program Tuesday

By Mrs. Dale Stookey

The Colma P.T.A. Founders' Day meeting and program was held Tuesday evening, February 7.

Members were pleased to have as a guest Mrs. James Foley, president of the Seventeenth District of P.T.A., who told of the opportunities for parent educaton offered by the P.T.A.

Mrs. Edward Dennis was presented with the Life Membership award and pin.

A pageant entitled "P.T.A. Cornerstones" enacted by Mrs. Dale Stookey, Mrs. Fred Serna, Mrs. J. Leonetti, Mrs. Jack Clayton, Mrs. Gino Landi, and Mrs. J. Hopper, was enjoyed by the audience. Mrs. Stella Jensen and Mrs. Thomas Blanco directed the pageant.

Mrs. Memory Gomez presented a delightful musical program. Mrs. Thomas Blanco sang two solos; Mrs. Memory Gomez, Mrs. Caroline Freeland, and Mrs. John Faust sang three numbers, accompanied by Mrs. R. F. Traxler.

The lovely floral arrangements were donated by Mrs. Louis Bertetta. The specal Founders' Day cake was baked by Mrs. Dino Agresti.

Mrs. Allan F. Mori and committee served refreshments after the program.

Mrs. Kinsey's sixth grade at Jefferson School will receive the prize for having the most parents in attendance at the meeting. The prize, given each month, is a record of the teachers' and pupils' choice to be used on the new phonographs that the Colma P.T.A. gave to the schools last fall.

Mrs. Herbert Kern, chairman of the food sale, wishes to thank all who donated food and time to making the sale such a great success.

Meanwhile, the combined P.T.A. units of the Jefferson district will hold a Founders' Day meeting February 21 at 7:30 p.m. in the Jefferson High school auditorium. The Colma unit will present Ronald Harris, a Jefferson elementary student, who will play an accordion solo, "Dizzy Fingers."

Colombo Hall Site Of Legion Dance

Decorations will be going up in Colombo Hall next week for the Broadmoor American Legion Post No. 824 "Hard Times" dance, Saturday, February 25.

Theme of the dance will simply be, "come as you are." No fancy dress is required. In fact, the most original costumes depicting hard times are encouraged.

The dance is to be held in Colombo Hall on San Pedro road in Colma.

Paul Law's orchestra will furnish music for the event. He is well known in the Bay area for rhythm that pleases.

In addition, a television set will be given to some fortunate dancer.

All residents of Broadmoor, Westlake and the greater Daly City area are invited. Tickets may be purchased at the door, or from a member of the Broadmoor Legion post.

Connecting Street Discussion Coming Next Thursday

An airing of the proposed connecting street between Broadmoor and Westlake will be held at 8 o'clock Thursday night, February 23.

At that time the Jefferson elementary school board will meet to discuss the problem. The meeting is, as always, open to the public, and held in the administration building, 344 Santa Barbara.

To date no action has been taken by city or county officials on the report last week that the State Schoolhouse Planning group turned thumbs down on a proposal to run a connecting street 300 feet east of White street from 87th to Highway No. 1.

The state rejected the proposal made by the county planning board as officials claim the street would bissect the new Garden Village school property and pose a hazard to school children.

Other routes to be considered are:

1. Extension of White street. However, this would mean voiding the possible use of property for the proposed upper Garden Village school, reliable sources say.

2. Extending White street, but "curving" it around school property. This meets with the objections of the county planning board, as it would constitute more of an expense for construction than warranted, A. J. Bodien, board member, said.

3. Putting in a road somewhere further west of White street. However, where this could be done is an almost uanswerable question.

Therefore, it seems the county and school board must reach some compromise, or there will be no street at all. And this may meet with the approval of some Broadmoor residents who are against any street, Mike Callan, school board member, said.

Broadmoor Church To Mark First Anniversary

Topic of the sermon at the Broadmoor Community Presbyterian church this Sunday will be: "What Difference Does It make Whether or Not We Believe in God."

The Rev. John Glasse will deliver the sermon at 11 a.m. in the church on 87th off of Junipero Serra boulevard.

Of special interest to all members will be the celebration of the first anniversary of the church Sunday morning. At 11:15 a.m. a ceremony will be held at the door that was first opened one year ago.

Also, the Sacrament of Baptism will be administered Sunday morning. All persons interested may contact Rev. Glasse at JUniper 7-8755, before Sunday.

Next Wednesday, February 22, the church will hold the first of a six-week series of Family Supper meetings. All the family is invited to attend. Bring your own food and dishes, and money for coffee.

Supper will be from 6:30 to 7:15 at the church. Following the dinner there will be a 15-minute "Singspiration," after which Rev. Glasse will conduct a 30-minute pre-Easter study and discussion.

Sunday Sermon Topic Is Announced

Sermon topic at the Colma Baptist Mission this Sunday will be: "What Saving Faith Is."

The sermon will be delivered by The Rev. Calvin Rains at 11 a.m. There also will be Sunday school classes at 10 a.m.

Opening its doors only a few weeks ago, the Baptist Mission welcomes all people in the greater Colma - Daly City area.

Services are conducted in the Colma Community center, Dunk street.

Broadmoor Scouts Reorganize Troop

Newly reorganized this week is Broadmoor Scout Troop No. 84.

The cub committee of Cub Pack No. 84 met Monday night to discuss new means of 'putting blood' into the old Scout Troop. Following the talk there was a complete reorganization of the troop, with Gordon Fist, former cub master, taking over as troop leader.

Fist will be assisted by Bill Feis.

Composed of boys in the Broadmoor area, the Scout Troop is open to anyone living in the greater Broadmoor - Colma - Garden Village - Westlake section.

The troop meets each Friday at the Broadmoor Community center. Time is 7 p. m. Why not drop around and get acquainted?

Play Whist, Friday Night In Colma

Whist fans will have a chance to play their favorite game tomorrow night, February 17, at Holy Angels parish hall, San Pedro road.

Game time is 8 p. m. Sponsored by the Oliver Grove No. 116, United Order of Druids of Colma, the game is open to the public. In fact, everyone in the area is invited to attend.

Committee Chairman Robert Del Buono, 71 Mateo avenue, will be assisted by David Arata, Frank Maffei, Robert Adreveno and Peter Vallarino.

Lutheran Church To Conduct Six Week Lent Service

Mid-week Lenten services will begin Wednesday, February 22, at the Lutheran Church of Broadmoor, recreation center, White street near 87th avenue.

Beginning at 7:30 p.m., the service will be one of six conducted throughout the Lenten season. General theme of the six weekly services is: "Behold the Man." Ash Wednesday's topic is "Behold the Man in His Humility."

Purpose of these passion season services is to exalt the Cross of Christ by keeping Lent's real meaning before the people. Visitors are welcome to attend.

This Sunday, February 19, during the absence of the pastor, The Rev. F. H. Menzel, institutional missionary of the Lutheran Church in San Francisco, will conduct the service.

Church and Sunday school will be held at the usual time, 11 a.m. and 9:45 a.m., respectively.

Lost: A Little Girl's Dog

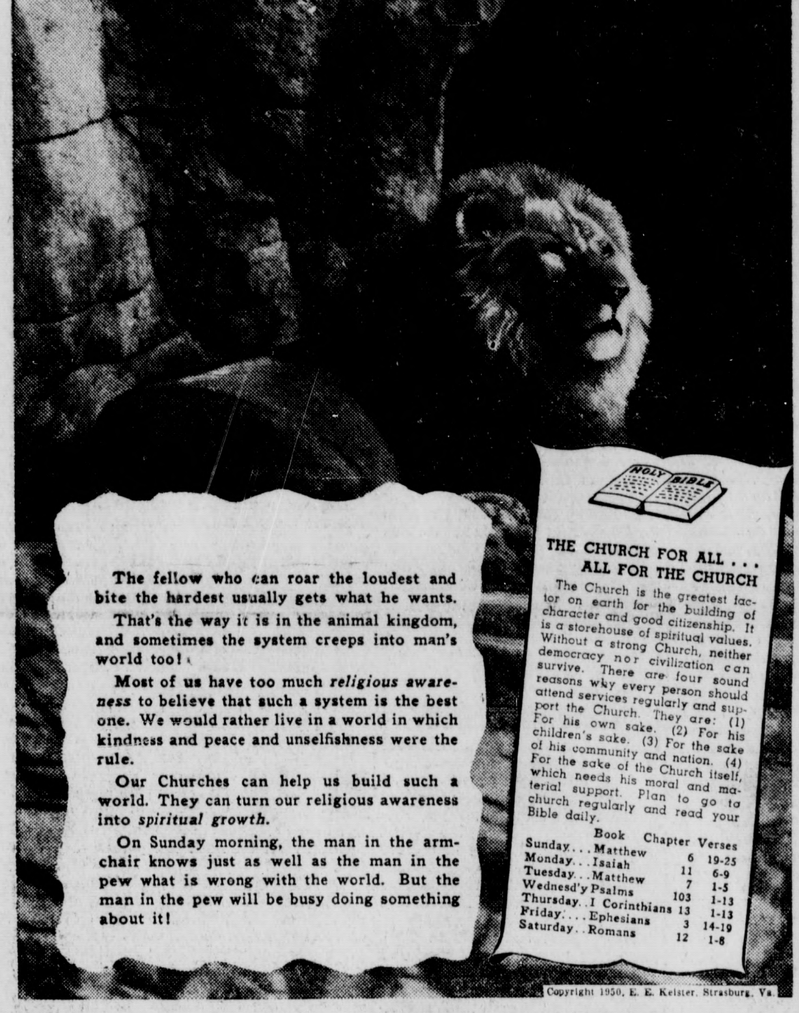
Elizabeth Newman is a little girl who badly wants a dog. She lost her pet Monday morning and wonders if anyone in Westlake or Daly City has seen him.

The one-year-old daughter of Mr. and Mrs. Paul Newman, 146 Westlawn, was to receive the dog as a birthday gift Tuesday. Her parents purchased the nine-weeks old boxer Sunday.

Monday morning Mr. Newman went down in the basement to find the overhead garage door slightly open and the pooch missing.

The Newmans don't know whether or not the dog was "borrowed" or merely ran away, but they and Elizabeth would certainly appreciate his return.

Anyone who has seen the boxer, a brindle color with a white patch on his chest, will make a little girl very happy by returning him. No questions will be asked. Merely bring him to 146 Westlawn or call DElaware 3-1909, and Mr. Newman will pick him up.



THE LION'S SHARE
The fellow who can roar the loudest and bite the hardest usually gets what he wants.
That's the way it is in the animal kingdom, and sometimes the system creeps into man's world too!
Most of us have too much *religious awareness* to believe that such a system is the best one. We would rather live in a world in which kindness and peace and unselfishness were the rule.
Our Churches can help us build such a world. They can turn our religious awareness into *spiritual growth.*
On Sunday morning, the man in the armchair knows just as well as the man in the pew what is wrong with the world. But the man in the pew will be busy doing something about it!
HOLY BIBLE
THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Shows From Five Schools Presented At Founders' Day Program February 21

By Mrs. Lois Adami

Mrs. Tina Hollingsworth, program chairman of the Jefferson High School P.T.A., announces the children of five schools will take part in celebrating another Founders Night program, on February 21, at the Jefferson auditorium.

We will again play hostess to Bayshore, Colma, Crocker, General Pershing and Woodrow Wilson schools. Each unit has selected a talented child or group to represent their respective schools. A full two-hour program will start at 7:30 p.m. Everyone is welcome.

The guest speaker for the evening will be Mrs. Stella Jensen, past president of Jefferson P.T.A. and retiring chairman of the Federation of Girl Scout Councils of Northern San Mateo county.

The students of the high school dramatics class will put on "Mouse Trap," a clever one-act play. Under the leadership of King Stevens, the Jefferson band will render several musical selections.

Come on out! Mom and Dad, and watch junior and sister (or their classmates) perform in some really wholesome entertainment. Remember the date—February 21—7:30 p.m. at the school auditorium.

Jefferson P.T.A. will send two delegates to 17th District C.C.-P.T.A., Mrs. Grace Hill and Mrs. Tina Hollingsworth. The meeting is an all-day session, held at the Peninsula Avenue School in Burlingame.

Court St. Mary Opens Membership Drive This Week

Here is an opportunity to join the Court St. Mary No. 1155, Catholic Daughters of America.

This month the organization is beginning a campaign to obtain new members. The group is especally desirous to obtain new members. The group is especially desirous to have members from Ocean View, Westlake, Colma and Broadmoor, as well as new Catholic residents of Daly City.

Applications will be taken until March 10. Those interested in joining are asked to contact either Elizabeth Wettstein, grand regent, at ATwater 2-4218, or Evelyn Weckerle, extension chairman of Court St. Mary, at JUniper 7-5289.

The organization meets twice a month at Masonic Hall, 17 Hillcrest drive. Here, various events of business and pleasure are discussed and acted upon.

For example, April 20, the group is planning a gala Mardi gras. Members and guests will be invited to attend. Tickets may be obtained from Court members.

Further information on the Mardi gras will be published from time to time in the "Record."

Marian Lufrano Betrothal Told At Birthday Party

At a birthday party for Marian Lufrano last Saturday, her parents, Mr. and Mrs. Joseph Lufrano, 307 Santa Barbara, announced the betrothal of their daughter to Robert Biagini.

A large orchid corsage, with an engagement ring in its center, heralded the romance tidings. As yet, there are no wedding plans.

Carrying out the valentine motif, the social hall was decorated with gay red and white streamers. This motif was carried also over to the tables where a buffet lunch was served.

The bride-elect is the granddaughter of the late Mr. and Mrs. Fred Lucia, pioneer family of Daly City. A graduate of Woodrow Wilson and Jefferson high school, Marian is now employed by S. H. Kress & Co.

The prospective benedict, son of a San Francisco family, is in the U. S. merchant marine.

Those attending the engagement party included Mesdames Lena Sylvestri, Levia Tufo, Edith Masini, Julia Leon, Angelina Masini, Mary Papa, Madge Sylvestri, Rose Lufrano, Anna Lufrano, Etta Tufo, Dolores Pazzie, Jennie Biagini, Alice Krohn.

Also at the party were Misses LaVerne Torkelson, Dolores Cochrane, Janet DiLuzio, Claire Seiler, Shirley Lucia, Eleanor Butte, Angela Lufrano, Janet Cirimeli, Rudrey Krohn, Margie Lucia.

Gentlemen present included Frank Lufrano, Billie Papa, Albert Tufo, Fred Fazzio, Frank Cirimele, Peter Dito, David Salvemini, John Lufrano, Melvin Addiego, Bob Dito, Joseph Lucia, Eddie White, Jimmy Direnzo, Fred Lucia, Frank Campilongo, Joseph Lufrano Jr., Robert Lucia, Henry Morgan, Robert Biagini and Harry Krohn.

Silver Tea Tuesday At Local Church

Circle No. 2 of the Grace Presbyterian church will hold a silver tea from 2 to 4 p.m. Tuesday, February 21, at the church.

Mrs. William Coulthard and Mrs. E. Lindstrom are to be in charge of decorations and refreshments. Mrs. L. Frazier is the program chairman.

The public is invited to attend.

Local Eagles To Hear President

Grand Worthy President William H. Mostyn of the Fraternal Order of Eagles will speak in San Francisco on Friday evening, February 17, in the Hall of Aerie No. 61.

Members of the local Colma-Vista Grande Aerie No. 1848 have been invited to attend the initiation ceremonies of a large class of candidates, followed by a vaudeville show and a talk by the Grand Worthy President.

Frank Davison, worthy president; Wm. Kennedy, junior past worthy president; Reginald Calvert, worthy vice president; Wilbert Carrington, worthy chaplain; Leonard Carter, worthy chaplain; Delbert Fehl, inside guard; and Tom Rae, secretary, will attend the meeting, together with Otto Schramm, treasurer; William Bolger, and Larry Shaw, in addition to other members.

Mostyn is a distinguished labor leader in New York and his talk should be of interest to the members.

Troop No. 1 Holds Valentine Party

Young ladies of Girl Scout Intermediate Troop No. 1 held a pot-luck Valentine party at their regular meeting Monday.

The meeting was held at 3:30 p.m. in the Peoria Scout house. Each of the young girls brought a variety of foods and other items appropriate for a party.

Following the pot-luck, the girls played games and held various contests.

The day was completed when the 12 members present exchanged valentines.

"Record" Reminiscence

From the "Record" 10 Years Ago
February 14, 1940

Prosperity turned the corner of Bismark and Mission streets, Friday morning, when 130 WPA workers gathered there to receive work slips and be detailed to their various jobs in Daly City's quarter million dollar South End street project.

Verna Moresco, pupil in Mrs. Leonetti's high seventh grade at Jefferson grammar school, wrote the prize winning essay which brought the Arthur J. Bodien Lincoln trophy to Jeff. Said R. L. Crane, school superintendent, of Verna's essay, "It is not only exceptionally well written, but actually gives an insight into Lincoln's character."

Daly City will be treated to a monster Valentine pageant tonight at 8 p.m. at the Jefferson Union high school. Entertainment will be by Marian Maloney, Jean Bompke, Fred Chapin, Wanda Bacon, Louise Bacicco, Priscialla Watson, Frances Hopkins and Betty Conroy.

Studebaker Champions were selling at $660, while Chrysler came out with a model for $1,148.

Josephine Rawie, 327 Crocker, last week was elected treasurer of Lambda Kappa Sigma, honorary pharmacy sorority at the University of Southern California.

From the "Record" 20 Years Ago
February 14, 1930

It was recommended at the city council Monday night that merchants be allowed to sell fireworks in Daly City from June 28 to July 4 of this year.

Councilmen also were working on a plan to dispose of sewage, until such time as there would be an outlet completed to the ocean.

Mrs. J. A. Miller entertained the Sewing Club of Crocker Chapter No. 382, OES, at a luncheon Tuesday. Present were Mesdames Louise Aitchison, Sophie Root, Catherine Neiderhaus, Augusta McCullough, Bettie Barner, Minnie Parker and Helen Cohn.

The Veteran Firemen of Daly City held their fourth annual banquet at Eagles Hall last Saturday evening, and the big surprise of the evening was the entertainment furnished by R. C. MacArthur.

Among those present at a surprise birthday party given for Miss Edith Taylor, Peoria street, last week were Marian Smith, Jean Blue, Ruth Hayward, Florence Edwards, James Seith, William Norment, Leonard Mohr, Allen Estus, Jack Wheeler and Dave Hightower.

SOCIETY

Marilyn Mosman Attends Showers In Her Honor

With her wedding just around the corner of next month, March 4, Miss Marilyn Mosman was kept busy this week attending showers in her honor.

The first of the showers was given Friday evening at the home of Marilyn's sister-in-law, Mrs. Evelyn Mosman, 830 Bellevue. Attended by 20 of her close friends, the shower was made up of various gifts to be used around the kitchen.

Attending the event were Mesdames Florence Hoar, Elinor Byrne, Dorothy McDonald, Georgette Dumont, Marie Parodi, Barbara Parodi, Eileen Blanton, Catherine Tabor, Virginia Freeman, Dollie Boggio, Marcie Trier, Stella Torkelson, Lorena Westover and Elsie Barrington.

Also at this shower were Misses Lorraine Byrne, Helen Byrne, LaVerne Tokelson, Pauline Loomis, and Barbara Mattson.

Saturday evening, Marilyn attended another shower, this time of the lingerie variety. The event was held in the home of Mrs. Doris Rehe, 77 Alexander avenue.

Present Saturday evening were Mesdames Nadine Little, Barbara Galindo, Verna Calderon, Barbara Bodmer, Rose Perada, Lois Capps, Corrine Riccomi and Evelyn Mosman.

Mother of the bride-to-be, Mrs. John Mosman, 232 Hillcrest drive, attended both of the showers.

Marilyn is also to be the guest of honor at another shower this week, to be reported in the Daly City Record February 24.

A graduate of Jefferson High school, and a resident of Daly City all her life, Marilyn is now employed by a well-known navigation company.

The groom is Arleigh J. Fonner Jr. of Hawaii.

The couple are to be wed March 4 at the Chapel of the Lakeside.

Eagles' Teen-Age Dance Attended By Sixty-one Youths

Held last Saturday night, the first Eagles teen-age dance was attended by 61 young people, all of whom had a wonderful time.

The music was by the Eagles' Haywire band, and they didn't have much difficulty in keeping everyone on the dance floor during the evening. Even the committee members felt the need to tap their feet.

There was regular ballroom dancing, as well as folk dancing. Several of the teen-agers added entertainment by singing solos.

All teen-agers who didn't attend missed a wonderful time.

The dances are for children of members of the Colma Vista Grande Aerie No. 1848 and Auxiliary. However, each teen-ager attending the dance is allowed to bring a friend.

All dances are well chaperoned, and are given especially for the young set. Parents are not allowed on the dance floor, and are asked to bring their daughter or son to the dance, but quckly disappear thereafter.

The next dance will be held Saturday, February 25, at Eagles hall, 3346 San Jose avenue from 7:30 to 10:30 p.m.

Tckets are available from Tom Rae, secretary, at the Colonial Gift Shop, 6272 Misson, or from Dolly Lewkowitz or Bert Meritt. Each ticket entitles the holder to bring one friend.

Gen. Pershing PTA History Retold At Founders Day

By Mrs. E. K. Whinnen

The General Pershing P.T.A. Founders Day program was very successful, judging from the large attendance, and the evident enjoyment, and spontaneous applause accorded the little skits, highlighting the historical narrative, of General Pershing P.T.A.'s 21 years.

The facts for the history, taken from the record books, and written up in narrative form to make it more interesting, received the concentrated and undivided attention of the members and guests. One of the main reasons for this, aside from the very interesting history itself, was the beautiful reading voice of Miss Pansy Jewett Abbot, county superintendent, who so graciously agreed to be narrator.

There were four skits, highlighting the work of the unit, over the years. A sewing skit representing the sewing done for needy families in the early years of Pershing P.T.A. A little playlet called, "The Bean Lady," representing the hot lunch program. The title was taken from a little boy's enthusiastic greeting, "Oh, there's the bean lady," when one of the members came in to start the "beans." However, it must be pointed out, that spaghetti and other wholesome food were very much on the menu too. A shoe skit depicting the women fitting shoes on needy children, who, but for these generous gifts, could not have attended school at all. This was during the depression, you see. The other playlet was the "Baby Clinic." It commemorated the establishment of the well baby clinic, and was quite realistic, with a big "human-skin" rubber doll, as a tiny infant, and one real, live, and almost crying, little girl of about three.

The narrative history and skits taken from it were written and directed by Mrs. E. K. Whinnen. Mrs. Raymond Gross, and Mrs. R. F. Traxler, assisted in digging the facts out of the history books of General Pershing P.T.A. The members who acted out the skits so ably were Mesdames M. J. Cook, F. J. Prisco, H. S. Holcomb, R. F. Traxler, and D. C. Gensel.

The children who took part and did it well too, were Joan St. George, Sonia Thorn, Michael Traxler, and little Loretta Gail Whinnen, who was the baby in the clinic skit. Thanks to these youngstres, and to Miss Winifred McGrath, principal of Pershing, for permitting them to take part.

Starting next week, the narrative history, as presented at Founders Day, will appear in the "Record."

The salvage drive was wrapped up, with a satisfactory money return to Pershing P.T.A., though not quite as large as the fall drive. A book will be presented to the children in each room, with a "Thank you" card for their part in helping make the drive a success.

The Life Membership committee, chairmaned by Mrs. Lyle Ingersoll, met at her home on the 17th of January and selected the following honorees for the life memberships this year: Mrs. Loreta Bauer, president, 1946-47, and Mrs. S. E. Prescott, a long-time member of General Pershing, and very active in years past. With Mrs. Prescott turning to other things, in more recent years, and new members coming in, she was more or less overlooked, and it was only through the new method of nominating life members, that her long record of service came to light. General Pershing P.T.A. is happy to do honor to so deserving a member.

In connection with the life membership presentation, it was pointed out by Mrs. George Freeland, president, that already this year, $250 has been loaned to students through the fund created by life memberships. As may not be generally known, when a life membership is presented to a member, $25 is given to a fund to aid students. Application is made through the district C.C.P.T. The money is available to teachers or students who wsh to carry on their education, but who, financially, cannot afford it at the time without assistance. The loans are repaid to the fund when the student is financially able to do so.

The nominating committee was selected, consisting of the following members: Mesdames John Eason, M. F. Cook, D. C. Gensel, F. J. Prisco, and R. F. Traxler. The nominating committee will meet and nominate candidates for the coming year. Nominations may also be made from the floor at the next meeting in March.

Miss Windfred McGrath's class won the room attendance prize for the Founders Day meeting

11 Eagles Receive 20-Year-Pins At Old Timers' Night

Over 200 members of Colma-Vista Grande Aerie No. 1848, Fraternal Order of Eagles, and brother Eagles from other aeries, enjoyed "Old Timers" Night, held last Thursday evening.

Celebrating the 41st anniversary of the founding of the local aerie, the evening commenced with dinner at 7 o'clock, followed by the initiation of nine candidates and the awarding of 20-year membership pins to eleven Eagles.

Sitting in the chairs during the initiation ceremonies were members who occupied the chairs twenty years ago: W. W. Sunderland, worthy president; William Bolger, junior past worthy president; Eric Diebel, worthy vice president; William Wright worthy chaplain; Bert Meritt, worthy conductor; Fred Hanel, inside guard; John Craig, outside guard.

Arthur Bodien acted as master of ceremonies and presented the twenty-year pins to the following members: Thomas Allen, Ed Cavagnaro, B. Chiotti, Joseph Chiotti, Luigi D'Elia, John Erickson, W. W. Freeman, Leo Kusber, H. C. Lotz, Joseph Noero, John Sacaldasis.

The following were given the formal initiation ceremonies: Lester Bastedo, Clifford Carlson, Ralph Cornell, Angelo Ditty Jr., Lewis Dove, Matt Flores, James Kennedy, Charles Kennedy, Charles Stratford.

In charge of general arrangements for the evening was Otto Schramm. The Daly City "Haywire Band" played music throughout the dinner and Harold Vawter gave hill-billy recitations. Pat Valentino was a special guest.

The principal speaker of the evening was Tommy Goslin, a past state president and past state secretary; Arthur Barrett, president; Maury Borden, vice president, of Aerie 61; Bob McClennan, northern California organizer, of the Mission Aerie. Other guests included members from Aerie 61, Aerie 5, Mission Aerie, and San Bruno Aerie.

Valentine Skit Put On By D. C. Cubs Of Den 16

The boys in Den 16 presented a skit entitled "Valentine's Day Through the Years," at their semi-monthly meeting of Pack 36, Tuesday, February 14.

Eddy Lupton was the master of ceremonies, with the following boys taking part in the skit: Mervin Nenstiel, Russell Duckering, Jerry Rosenberg, Angelo Casini, Joseph Midile, Leonard Burke, Jerry Tylenda, Gene Whinnen, Roy Martin, Billy Pfeifer, Ronald Rivers and Jerry Irwin. Blair Forbes was ill and unable to attend.

The skit was very successful, and the master of ceremonies and boys were complimented on a job well done.

Mrs. Irene Rosenberg and Mrs. Ruby Lupton are the Den Mothers, and Dick Hopman is Den chief for Den 16.

The skit was followed by a yo-yo contest among the boys of Pack 36, and prizes were given to the best yo-yo players. The first prize being a pair of binoculars.

Many activities are planned for this month, including a "Fathers and Sons Dinner" to be held at the Marine Memorial Club Friday evening, February 17, where the fathers will be the guests of their sons.

Albert Rosenberg was named the head of the baseball team for the Pack, with Vic Yerby his assistant. They called their first baseball practice for Saturday morning at 9:30 a.m. at Aptos Jnior High school.

Topic Announced For Sunday Sermon

This Sunday at 11 a. m. "The Quiet Moment" will be the sermon topic at the Ocean View Congregational church.

The sermon will be delivered by The Rev. Bennet and the public is invited to attend. Sunday school begins at 9:45 a. m.

Meanwhile, the church building fund has just received a gift of $10,000 and a loan of $20,000 from the Church Building Society for a new church.

Plans now call for work to begin on the new building some time this year.

A full story on the proposed structure will be published in next week's Record.

Prayer Day To Be Observed At Local Church

Observation of the world day of prayer will be held at the Grace Presbyterian church Friday, February 24, at 1:30 p.m.

This day was observed in over 85 countries in 1949. Offering that day totaled over a quarter of a million dollars, making possible more help to erase Americ a's illiteracy among her Navajo Indians, as well as increasing cultural and religious uplift for her migratory population, and assisting the 26,000 foreign students in the United States. The money also was employed to send Christian literature to industrial centers and villages of Africa, South America, India, Korea, Burma, Mexico and China.

Theme this year of the prayer day will be "Faith for Our Time."

The world day of prayer gives expression to such a faith. It occurs each year on the first Friday in Lent, and is sponsored nationally by the United Council of Church Women.

In Daly City, the service will be held under the direction of the Women's Council; Mrs. Henry Adami, chairman.

Everyone is invited to attend.

Red Cross Workers Discuss Local Drive

Making plans for the forthcoming Red Cross drive in Daly City, volunteer workers gathered last Thursday at a local establishment for a "Doughnut Dunk."

Between the doughnuts, Chairman Joseph Lewkowitz explained the Red Cross drive campaign to those workers present. Each of the workers was presented with a pamphlet describing the work of the Red Cross.

Among those present were Mesdames Jack Voboril, H. S. Garrison, Henry Warren, Marge Lynch, J. DeBano, W. O'Neill, W. F. Dorn, E. D'Isep, William Tylenda, H. Young, W. Hobbs, J. Montano, Forte, Balckburn, Bergstrom, Kohlbrenner, Frazier and McKay.

OLPH Mothers Club Plans Post Easter Fashion Showing

Reservations for the Mothers' Club of Our Lady of Perpetual Help School post-Easter fashion show may be obtained at the next meeting, March 10.

As usual, the meeting is to be held at the OLPH school auditorium at 8:30 p.m.

Plans for the fashion show were formed at the last meeting of the organization, February 10. Date for the show was set for April 22.

Chief point of business was to appoint chairmen to handle the event. They are Mesdames Elsie Thompson, Helen Cresta, Isabelle Liberti, Catherine Ricci, Jean Denning, Mary Schroeder, Janet Gray, Teresa Sullivan, Ann Drury, Camille Clarke and Valetta Ennis.

Following the meeting, the second grade mothers, under the direction of the hospitality hour chairman, Mrs. Mary Thiebaut, served a light luncheon. Mrs. M. J. Tielsman, due to illness, has had to resign for this term as hospitality chairman.

Legion Auxiliary Members Attend San Carlos Meet

Representing Daly City at the 26th district meeting of the American Legion Auxiliaries last Friday were several local women.

Occasion for the meeting in San Carlos was a visit from Department President Ruby Stump. Mrs. Stump gave several interesting reports to the many department officers and chairmen present, as well as the district officers and unit members attending.

Mrs. Stump was presented with a gift from the district by a living Valentine . . . a tiny tot dressed as a Valentine.

Officially representing Daly City were Mary Gilber, sergeant-at-arms of the Daly City Post No. 410 Auxiliary, and Bertha Zimmerman, marshal, who carried the unit flag.

Also present from Daly City were Ruth Van Otten, Ethel Harris, Rose Giorni, Vivian Bordson, Kathleen Matzek, Leslie Hansen, Catherine Foreman and Emil Pahlka, the latter acting as "chauffeur" for the women.

1950's TRUCK "BUY" WORD

GMC GASOLINE • DIESEL TRUCKS

The GMC "Triple Checked" used truck emblem is your guide to a better buy.

The word is spreading—and fast—that light-medium GMCs for 1950 are the best buys in the whole light-medium field! There are plenty of reasons why. These new GMCs offer even better performance and greater economy than the quick-stepping, money-saving GMCs of the past. They're easier riding, easier driving . . . improved to provide more comfort for the driver, more profit for the owner on every score. Last, but far from least, they are products of the General Motors division that's the world's largest exclusive producer of commercial vehicles . . . that has, in addition to its own ultra-modern facilities, full access to the unparalleled GM research and proving operations that continually work to make "more and better things for more people."

NEW ENGINES
For 1950, there's a new "228" with 96 horsepower, a new "248" with 110 and a new "270" with 120—new power for all light-medium models, ½ to 2½ tons.

NEW COMFORT
For 1950, GMC light-medium cabs have wider seats, increased headroom, better insulation against dust and drafts, heat and cold.

NEW FEATURES
For 1950, light models have airplane, telescoping type shock absorbers . . . unit bodies have one-piece dust-proof floors . . . 2½-ton models have optional air brakes.

NEW MODELS
For 1950, there's a new 1½-ton 280 series, two new light weight six-wheelers and two new Diesel tractors of 45,000 and 55,000 lbs. gross combination weight.

Cub Pack No. 62 To Attend Movies; Enjoy Navy Outing

by D. C. Gensel

Planning to attend the Daly City Rod and Gun club meeting February 22 are members of Cub Pack No. 62.

Cubs who plan to see the movies put on by the club are asked to meet in front of the General Pershing school at 7:45 p.m. Wednesday. Also, cubs who own uniforms are asked to wear them to the meeting. There will be no charge.

The meeting of the pack was held in the General Pershing school Monday night. An overflow crowd attended and enjoyed the proceedings.

Den mothers of the four dens had their exhibits on display and the parents were able to see at first hand some of their sons' accomplishments.

Bob Cat pins were awarded the following boys: Billy Morris, James O'Halloran, James Wilson, Michael Wills, Ralph Huber, Thomas Kennedy, David Whitney, Jack Gillan, Robert Bindinelli, Boyd Hillyer, George Bielwinkel, Jack Bautista, Larry Pottinger, Billy Benofsky and Buster Lauffenberger.

Cubs of Den 1, under the supervision of Mrs. Calvin, wrote individual letters of thanks to the committee for the nice time they had on the Hunters Point tour Saturday.

Two new Den mothers, Mrs. A. Lauffenberger and Mrs. Ritcheson, were assigned Dens 5 and 6, respectively. The new dens were formed after 13 boys submitted application cards for entry into the pack.

Throughout the course of the meeting, Buster Lauffenberger recited the Cub Scout promise; Richard Gensel recited the law of the pack; Ronnie Monteleone, the Cub motto, and Mrs. Kennedy's Den No. 4 performed the living circle.

We wish to thank Capt. Keiper and Mr. Ingersoll for their generous contributions to the pack treasury.

Meanwhile, cubs enjoyed an interesting trip to Hunters Point navy yard last Saturday. The group was conducted through a submarine, the battleship Iowa, and the carrier Antietam.

At noon most of the boys ate their lunches and witnessed the flag ceremony held on the Iowa.

Naval action pictures were shown on the Antietam. As a fitting and proper climax to the tour, the pack visited the canteen where they purchased soft drinks and hamburgers.

There will be at least a tour a month through something of interest for the boys as well as the parents.

The cub pack committee is very pleased with the cooperation and help of parents and others.

Four Boy Scouts made the trip to assist with the boys, namely: Jack Calvin, Billy Gensel, Donald Penington of Troop No. 249, and Robert Riley and Richard Riley of Troop No. 82.

Accompanying the boys were Mr. and Mrs. D. C. Gensel, Frank Graves, D. Willis, D. Wills, John Benanti, A. Lauffenberger, T. Kennedy, W. Morris.

Cub scouts on the tour included Billy Benofsky, Edward Lauffenberger, Dennis Ritchson, Larry Pottinger, George Bulwinkle, Jack Bautista, Lane Calvin, Dennis Marc, Richard Gensel, Dwayne Cook, Emil Keyser, George Lee, John Benanti, Richard Erickson, Ronald Montelsope, Edward Graves, David Ramey Billy Morris, James Wilson, James O'Halloran, David Owens, Boyd Hillyer, Robert Bindinelli, Michael Wills, Jack Gillan, Ralph Huber, Thomas Kennedy and David Whitney.

New Arrivals

To the wife of Robert W. Fernekes, 863 Thornhill drive, January 29, a son.

To the wife of William G. Proctor, 812 Maddux drive, January 26, a son.

BAND SHOW

The band show which was put on at Half Moon Bay Tuesday proved to be very successful. After the program was put on, our dance band supplied the music for a 45-minute dance at which the students from both schools had a chance to meet each other.

ART NEWS

Many art students are entering their drawings in the Regional Scholastic Art Exhibition contest presented in the Emporium. From Jefferson there are about 30 plates entered. Lukas Stamos is entering his oil paintings which look like masterpieces. Talented Ted Graham is entering "gag cartoons." Ben Stahl is entering his water color pictures and drawings. Wilma Heatlie is demonstrating her talents in landscapes.

NATIONAL ASSEMBLIES

On March 2 the students of Jefferson will hear the mellow voices of the four Mississippians, formerly of station KNBC in San Francisco. This is one of Jefferson's National Assemblies.

S. B. CARDS

A new year, 1950, a new semester, and a brand new student body card. These cards went on sale Wednesday for the mere price of $1. We wonder which class will get 100 per cent sales first???

American Legion Scout Troop Plans For Summer

Looking to the summer months, the American Legion Post No. 410, Boy Scout Troop No. 106 is planning various outings.

Working on plans are members of the Legion Scout committee, under the direction of Martin Pahlka, chairman. Assisting him are seven Legion members including: Walter Miller, Lawrence Storm and Gordon Gilbert.

The troop meets each Monday at 7:30 p. m. at Legion Hall, 474 San Diego avenue. All boys interested in scouting are invited to attend.

NEWS OF YOUR NEIGHBORS

Pvt. Gerald L. Reed, 17, son of Mrs. Madalyn O. Fjeldmoe, 359 Willits street, has reported to Lackland AFB, to begin an AF basic airmen indoctrination course. The world's largest air base, Lackland, is situated near San Antonio. Reed's 13 weeks of basic training will prepare him for entrance into Air Force technical training and for assignment in specialized work.

Julius Castelan, 862 Bellevue, was appointed to the 1950 Jefferson-Jackson Dinner committee, Chairman Cyril Magnin announced this week. Magnin said he expected more than 2,000 Democrats from 48 northern Calfornia counties to attend the dinner Monday, February 20, in San Francisco. United States Attorney General J. Howard McGrath will be the principal speaker at the annual fund raising affair.

Phillis Swarthout, 2½-year-old daughter of Mr. and Mrs. Swarthout, 9 Partridge lane, Broadmoor, won't be going near washing machines in the near future. The baby girl was playing near her mother's machine Thursday afternoon when she reached up and got her hand caught in the wringer. Fortunately the machine cut off, and she suffered only minor injuries. Taken to Junipero Serra hospital she was treated for cuts and bruises of the hand.

OBITUARIES

Mrs. Mary Ruecker

A resident of Daly City for the past 23 years, Mrs. Mary Ruecker, 62, 63 San Pedro avenue died in Community hospital Friday, February 10.

Her death followed a short illness. Mrs. Ruecker was well known in Daly City and at the time of death a member of the Royal Neighbors of America.

Her only survivor is one son, Gustav, of Dearborn, Michigan. She was the widow of the late Gustav Ruecker.

Funeral services were conducted at the W. C. Lasswell chapel. Inurnment followed at Olivet Memorial Park.

Ordinance No. 306

AN ORDINANCE ESTABLISHING SET BACK LINES FOR BUILDING PURPOSES ON JUNIPERO SERRA BOULEVARD IN THE CITY OF DALY CITY

THE CITY COUNCIL OF THE CITY OF DALY CITY DO ORDAIN AS FOLLOWS:

SECTION 1. Whenever a residence, building, or structure appurtenant to a residence, building or structure is constructed upon any property fronting upon that portion of Junipero Serra Boulevard between the Northerly and Southerly limits of Daly City, California, it shall be so constructed that no part thereof shall be within ten (10) feet Easterly of the Easterly right-of-way line or ten (10) feet Westerly of the Westerly right-of-way line of said Junipero Serra Boulevard. The term "structure" shall be deemed to apply to porches, stairways and steps appurtenant to other buildings.

SECTION 2. It shall be unlawful to place or construct any residence, building or structure in any manner other than as in Section 1 hereof provided for. Every violation hereof shall be a misdemeanor and shall be punishable by a fine not to exceed One Hundred (100) Dollars or imprisonment to not exceed ninety (90) days or by both such fine and imprisonment. Each day's maintenance of any residence, building or structure in violation of the terms hereof, after notice of the violation hereof, given to any person responsible therefor, by the Building Inspector of the City of Daly City, shall constitute a separate violation.

SECTION 3. This ordinance shall be published once in the Daly City Record and shall take effect thirty (30) days after the date of its adoption.

Introduced this 23 day of January, 1950.

Passed and adopted as an ordinance of the City of Daly City the 14 day of February, 1950, by the following vote:

AYES, and in favor thereof, Councilmen: Bertetta, Gaggero, Battye, Mooney, Green.

NOES, Councilmen: None.

ABSENT, Councilmen: None.

Judge Cotton Marks 16th Year On Bench

Marking his 16th year on the bench this week was Superior Court Judge Aylett B. Cotton, senior of the three San Mateo county superior court judges.

His tenure is exceeded only by that of the late George H. Buck, who presided for 40 years.

A veteran of 50 years' law practice, Judge Cotton still has five years to serve on his elected term. Gov. Frank Merriam appointed Cotton a judge in 1936.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Jefferson Elementary School District, 344 Santa Barbara Ave., Daly City, California at the Office of the Superintendent of Schools, until 8:00 p.m., Thursday, February 23, 1950 and will be opened and read aloud at the meeting of the Board of Trustees held at the time and place above stated for the furnishing of all labor, materials, services, transportation, etc., necessary to Fence the Eastern boundary of the playground of the Woodrow Wilson Primary School, 43 Miriam St., Daly City, California in accordance with plans, specifications and other contract documents now on file in the Office of the Superintendent of Schools of said School District, 344 Santa Barbara Ave., Daly City, San Mateo County, California where they can be examined.

Bidders are hereby further notified that pursuant to the Statutes of State of California, or local laws thereto applicable, it shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the general prevailing hourly wage rate per diem wages and rates for legal holiday and overtime work in the locality in which this work is to be performed for each craft or type of workman or mechanic needed to the successful bidder, and all bidders are hereby further notified that they must ascertain from the proper authorities the said wage rates before submitting their bid. Bidders shall set forth in the bid the name and location of the mill, shop or office of each subcontractor who will perform work or labor or render service to the contractor in or about the construction of the work or improvement and the portion of the work which will be done by each subcontractor.

Each bid shall be made out on a form to be obtained at the office of said Superintendent at the address hereinabove set forth; shall be accompanied by a certified or cashier's check or bid bond for not less than 10% of the amount of the bid and made payable to the order of the said Jefferson Elementary School District.

The above-mentioned check or bond shall be given as a guarantee that the bidder will enter into the contract if awarded to him and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested to do so by the said Board of Trustees.

The Board of Trustees reserves the right to reject any or all bids or to waive any informality in a bid, or to award a contract on the basis of the proposal which serves the best interest of the School District.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Dated at Daly City, California, the 26th day of January, 1950.

Daly City Rod And Gun Club To Hold Father And Son Night; All Are Invited

By Jimmy Fox

Father and Son Night will be the feature event of the Daly City Rod and Gun club Wednesday February 22.

The meeting will begin at 8 p.m. at the clubhouse, 337 Bellevue avenue (site of old firehouse No. 5). All members are urged to bring their sons and friends.

However, if you are interested, and don't know a club member, come anyway. All guests under 18 years of age will be given a free ticket on a fishing rod which will be given away during the evening.

Seniors and guests will have an opportunity to take home a nice rod, reel, line, hooks, leaders and other such things, all of which will be given away after the entertainment.

Featured attracton of the evening will be the new film in color and sound, "Sierra Fish and Game." Just recently completed by the Pacific Gas and Electric company, the film shows the type of fish and game found in the areas where the PG&E have developed hydro-electric plants.

Meanwhile, the club held its annual steelhead fishing trip last week end. Only three of the boys showed up and they were certainly glad they did.

The river, which had been very high and muddy the week before was low and clear. Ed Nenstiel, Al Speers, and yours truly were there to enjoy some fine sport. Al went along for the ride and to heckle Ed, who hasn't caught a steelhead in five years of fishing for them. It's no wonder, for about all he does all day long is try to untangle his line from the trees and brush, above behind and around himself.

Anyone interested in finding some excellent tackle should take a ladder and go up there in the tree-tops with a pocket knife. We know of at least six hooks, line, leader and sinkers that now dangle from the trees. Al didn't get in much fishing either for he was usually busy untangling a backlash from his reel.

So with those two dangerous characters out of my way I had plenty of time to fish and it sure was fine fishing. On an orange Voo-Doo lure I hooked three fish and landed two of them. The first was a fresh run steelhead that weighed six pounds and the second a spent fish of five pounds. Also, during the day the Voo-Doo attracted three smaller fish which I released after landing them.

Sometime during his cussing and flinging streak, Ed managed to get a nice strawberry of salmon eggs into the water and I'll be darned if he didn't hook a nice seven-pound downstreamer. Well, after a 15- or 20-minute tussle the fish finally dragged Ed up on the bank and he quit flopping (the fish, that is).

During the day we saw no less than 15 or 20 fish taken. About 80 per cent of them were spent fish (fish that have spawned and were returning to the ocean) or as we call them Downstreamers. Across the river about noon a fellow who was on his first steelhead trip took three fish in about an hour. You fishermen had better get in your fishing in a hurry as the steelhead season closes on February 28. As long as it doesn't rain the fishing will get better every day.

SPORTS

Sarto Drops Game To Lucky Lager; Team May Disband

Playing an independent game last Sunday, the Sarto baseball team lost by the narrow score of 1 to 2 to Lucky Lager.

This well may be one of the last games to be played, as Joe Sarto, team backer, reports that many of the young players will be batting and fielding for San Francisco high schools this season.

"Most of the boys are being grabbed up by the coaches at Balboa and Mission high schools," Sarto said.

For example, a star 15-year-old player on the team, Candos, will be playing with the varsity at Mission this spring. Candos, by the way, is only a freshman.

Another player with Sarto, Al Sterling, won't be around either. He's taken a scholarship at USF, and will be driving in runs for the San Francisco team. He graduated from Mission high school only two weeks ago.

Thus, what may have been one of the best teams in many a year, probably will be little more than a memory in the next two to three months.

For example, while the Sarto lads lost last Sunday they managed to score five hits to the Lucky Lager three hits. And baseball fans are familiar with the fact that the Lucky Lager team was judged one of the best in San Francisco last year.

Dederman Wins Scoring Honors In Night League

By Milton Tromborg

Although Union Liquors captured the Jefferson Night Basketball league, that is about all that they did in the league.

Consolidated Schools, better known as Highway Patrol, took over on individual scoring and racked up the highest score in one game.

Jack Dederman, of the Highway Patrol, racked up a total of 27 points in one game. His closest competitor was his own teammate, Heise, with 26.

The highway Patrol racked up a total of 71 points against Neville Motors a little while back, but last week the Patrolmen went all out to break ther record by dumping the V. V. Merchants by the score of 74 to 31.

This tops all scoring in the league.

Union Liquors won the championship by going through the league undefeated in seven games. Highway Patrol came in second with one defeat, which was handed to them by Union Liquors at the start of the league.

All in all, the league turned out very well, with plenty of action here and there. The best game of the league was between Colma Boys Club and Veterans Inn, which Colma won in an overtime, 49 to 48.

Another thriller was the upset which Highway Patrol gave Colma, 32 to 30. Here is a list of all the scorng men in the league.

C—Consolidated Schools
V.V.—V.V. Merchants
T—Tromborg Plumbers
N.M.—Nevlle Motors
C.B.C.—Colma Boys Club
D.C.—Daly City Boys Club
V.I.—Veterans Inn
U.L.—Union Liquors

$3,000,000 Hospital Plans Approved

Intermediate plans for a $3,000,000 Peninsula district hospital on Mills estate land have been approved, Robert Koshland, hospital chairman, announced this week.

Plans call for a five story structure with 100 rooms on each of the three top floors. Built in a T formation, the wings will be 75 feet in length. The ground floor will be turned over to the kitchen and store rooms, with the administration and emergency facilities on the second floor.

Architect for the job is Douglas D. Stone. It is expected work on the project will begin this summer.

Bay Commuters Join To Fight Bus Raises

Claiming to represent 6,500 transbay commuters, the Bay Area Commuters club this week joined forces with the Peninsula Protective association to fight proposed Greyhound line rate increases.

Howard Magee, Redwood City attorney, and president of the Peninsula group, said the protective association would work in conjunction with it to fight the Greyhound company in public utilities commission hearings.

No additional funds will be sought in San Mateo county to fight the battle, but Magee urged all interested persons to donate to assist in defeating the measure.

Six Cars In Daly City Week-End Wrecks

Repair men were busy today straightening fenders, following three minor automobile accidents in Daly City over the week end. No one was injured in any of the wrecks.

Late Thursday afternoon two cars collided at Mission and Hillcrest drive, as the machine driven by Alfred Silverstein, 767 Hillgist Circle, Oakland, assertedly backed out from a parking spot on Mission. Driver of the other car was Ida F. Meri, Box 45, Millbrae.

The left rear of Silverstein's car was damaged, while the right front of Meri's vehicle will need repairs, police said.

Site of the next accident at 10:59 a.m. Friday was the intersection of Hillside and Thiers. Damaged was the right front of a car driven by Louis Bacigalupi, 24, 5896 Mission. Also sustaining damages was the right rear end of a Hill Top cab, driven by Harry A. Kent Jr., 22, 201 Connecticut street, San Francisco.

As Louis C. Hartz, 66, 462 20th avenue, San Francisco, was turning into Hillside off of Mission at 3:40 p.m. Saturday, he collided with a vehicle driven by W. H. Hook Jr., 21, 284 Broad street, San Francisco. The front of Hook's car will require repairs as will the right side of Hartz's machine.

Breslauer Murder Trial February 14th

Going on trial Tuesday for the murder of bookie Martin Breslauer, in Daly City September 29, will be Roy Teller, 27, and John Ruano, 34.

The trial will be conducted before a jury in Superior Judge Draper's court.

Both men have pleaded innocent to the robbery slaying.

Meanwhile, Joseph Hidalgo, 29, and George Silva, 26, pals of Teller, pleaded guilty Monday to charges of receiving stolen property. They had been accused of complicity in the burglary of the American Cleaners in Belmont November 11.

Teller also allegedly was involved in the burglary, and before Superior Judge Cotton he pleaded innocent. Evidently looking for a short murder trial, Judge Cotton put over Teller's case until February 27. That would leave less than two weeks for Judge Draper to hear the murder charge.

Lincoln Dumps Jeff Varsity 36-10; Indians Meet Bear-Cats At Home Friday

By Milton Tromborg

Without displaying much spirit, Coach Orlich's quintet took their fourth P.A.L. defeat, this time by the hands of the Lincoln Lions, 36 to 10

The Indians played in the San Jose Civic auditorium, in the heart of San Jose.

Regardless of the man-to-man defense that the Lions used, the Indians played a flop game from start to finish.

The boys never tried to work any plays and failed to shoot at the hoop. The Indians took a total of 46 tries for field goals, and made four of them.

Lincoln took the lead of 6 to 0 before the Indians could score a basket. Matzek made the bucket on a lay-in shot in the first quarter.

The wild Lions ran the score to 8 to 2 before Nicolini made a diget, from 25 feet out. This made the score 8-4.

A few minutes later, forward Bob Varni of the Indians came back and scored on a lay-in to run the score to Jeff 6 and Lincoln 8.

This was the closest the Indians ever got to the Lions in score.

The Lincoln Lions lead at half time, 13 to 6. Though the Indians played a flop game on offense, their defensive game was fairly good.

The Lions came back in the third quarter to rack up 15 points to the Indians' 2 points.

In the last quarter, the Lions racked up 8 points while Jeff ran up a hard two. Jeff's two points in the last quarter were on free throws, 1 by Johnson, and 1 by Matzek.

The Lions racked up 14 field goals to the Indians' four and eight free throws to the Indians' two.

Jack Allain, center for the Indians, was the outstanding player o nthe Jefferson varsity for the evening.

Jack went scoreless all night, but his ability to control the backboards makes him the outstanding player.

Tonight, the Indians will play host to the San Mateo Bear Cats with game time at 7:30. The 30s will start off at 7:30 and the varsity at 8:30.

P.A.L. WIN FOR JEFF 30s LOOKS HOPELESS

With high hopes for winning one P.A.L. game, Coach McGrath's chances draw farther and farther away, by losing to Lincoln, 49-15.

Using a man-to-man defense, the Lincoln 30s took a lead in the first quarter of 12 to 2, and were leading at half time, 22 to 4.

The Indians played a fairly good game of ball on defense but a fast break used by the Lions was a little too much for the Indians to handle.

On offense, the Indians could not get past the man-to-man defense that the Lions used and so could not score many points.

High scorer for the Indians was Owen Charles with 9. High scorer for the Lions was Jim Unger, also with 9 points.

The San Jose Bulldogs scored a win over the Jeff varsity Tuesday, February 14, 57-34.

The Jeff 30s lost also, 55-23.

More details on this game next week!

County Employes Choose Officers For 1950

President of the San Mateo County Employes association today is Deputy Sheriff Paul J. Jensen of Menlo Park.

He will succeed Don Thomas. Jensen previously served as vice-president of the organization.

Anthony Lovi was named vice-president while Mrs. Katherine Hill, Redwood City clerk, was named secretary.

The association's installation meeting was held i nthe Redwood City courthouse.

Colma Boys Score Easy Win Sunday

Warming up for the coming baseball season, the Colma Boys Club, senior team, took the Bayview Merchants by the comfortable score of 7 to 0 last Sunday.

Three pitchers were on the mound for Colma, including Morgan, Qunues and Rainey. None of the boys pitched more than a few innings, as they haven't played ball for over two months, and didn't want to take a chance on hurting their arms.

Joseph Sarto, team backer, is looking for a rejuvenated team this season. Readers will remember that the Colma lads got into the Seals Stadium league last summer, and ended up far down in the basement. However, it was these same lads who took the pennant during the first part of the summer in the San Francisco recreation league.

As yet, there is no definite line up for the team. When this has been decided, it will be reported in the "Record."

Eddie Erdelatz Banquet Feb. 21st

Honored guests at the Eddie Erdelatz testimonial banquet to be held February 21 at the Sir Francis Drake Hotel at 7 p.m. will include Buck Shaw, popular head coach of the 49ers, and Rear Admiral Bertram J. Rodgers, commandant of the 12th Naval District.

Former teammates of Erdelatz who will be present are Angel Brovelli, Harry Ebding, George Ackerman, Bill Beasley, Herman Meister, Herbert Schreiber, Jack Danilovich, Gary Vivaldi, George Wilson, Jerry Dowd, Gordon Partee, Dutch Baader, Charley Heinbockel, Hugh Sill, Jimmy Underhill, Leo Rooney, Walter Minogue, Wagner Jorgensen, Ernie Jorge, Charley Baird, Bill Fischer and Paul Hungerford.

The general public is cordially invited to attend, and tickets may be secured from Pete Markovich (JU 7-2267), James P. Lang (HE 1-2121) or George R. Canrinus (UN 3-4680).

D. C. Men Nab Fire Alarm Suspect

Walter Kleiner and his step-son, Gordon Sullivan, both of 1112 Brunswick street, today are credited with catching a 30-year-old student who allegedly turned in a false alarm in San Francisco Saturday night.

Driving past Geneva avenue and Santos street, the pair noticed Robert S. Pope, 30, 58 Brookdale avenue, a student at San Francisco City College, leaning against a fire alarm box. With him were his wife and two children.

As the pair passed Pope, they assertedly saw him smash the glass in the box. Kleiner pursued the student, and held him until firemen arrived.

Tried in San Francisco police court Monday Pope was sentenced to serve 100 days in the county jail. He had been arrested and dismissed on a similar charge in January, 1949.

Father And Son Banquet Thursday For Cub Scouts

Fathers and sons will get together in Broadmoor February 23 at a special banquet held by Cub Pack 84.

The "Father and Son" affair will begin at 6:45 in the Colma Community center, Dunk street. All fathers of boys in the Broadmoor Cub pack are invited to attend.

While the dinner will be strictly for the men, it might be noted that the mothers, as usual, will be out in the kitchen cooking the food.

Meanwhile, the young cub pack has received the Class "A" award from central scouting headquarters for their work in National Boy Scout Week.

The cubs decorated a store window in the Broadmoor shopping section, and did such a good job that they walked off with an award. The window showed various handicraft work done by the boys over the past few months.

Taking an active part in scouting week, the cubs, at least 19 of them, went up to San Bruno last week to participate in a giant scouting rally. After the rally they made a tour of Hunters Point.

In charge of the tour were Garry Deal, den chief No. 2; Jack Cowden, den dad; Mrs. John C. Fief, den mother; John Fief, committee chairman and Mrs. A. Switzer, den mother.

The next meeting of the pack will be held March 3 at the Broadmoor Community Center at 7 p. m. Following this meeting, other meetings will be held the fourth Thursday of each month.

All boys in the greater Broadmoor area are invited to join the pack.

Plan for tomorrow as well as for today with

ADEQUATE WIRING

When he wires a home an electrician knows if the wiring he installs is "just enough to get by" or if it really is a complete wiring job. He prefers to install an Adequate Wiring System because he knows then that there will be no danger of overloaded circuits and that in the future there will be no need for expensive additions and changes.

A good wiring system is one of the smallest items in the total cost of a home. The cost of an adequate wiring system amounts to only 3 to 4 percent of the total building budget.

Insist on modern Adequate Wiring for your new home. Look for it in the house plans and keep it there. You will be glad you did and be money ahead in the years to come.

1 ADEQUATE ENTRANCE SERVICE
Adequate Wiring begins with three wires of large enough size brought through your house to the main entrance switch.

2 ENOUGH CIRCUITS
Adequate Wiring provides a sufficient number of branch circuits within your house to prevent overloading of any circuits.

3 PLENTY OF OUTLETS AND SWITCHES
Adequate Wiring means plenty of convenience outlets and switches to permit the use of appliances without the frequent disconnecting of one appliance in order to use another.

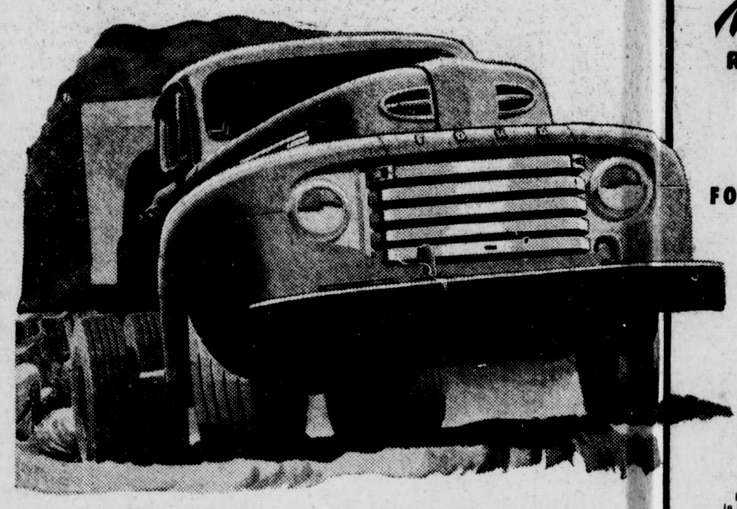
NOW! The most powerful 6-Cylinder Ford Truck Engine Ever Built!



New Ford 110-H.P. engine plus new 4-speed Synchro-Silent transmission make Series F-6 the standout performer in its class!

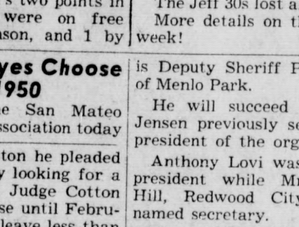
THE BRAND NEW Rouge 254 Truck Six gives you new power, new performance in the heavy-duty field.

This 254 cu. in. powerhouse gives you the latest engineering ideas. Free-turn, self-cleaning exhaust valves, faced with durable cobalt-chrome alloy. High-lift camshaft for increased valve opening. Chrome-plated top piston ring for longer cylinder wall life.

You get these and many other new features in the new Rouge 254 available in Ford Series F-6. You get power that makes the F-6 the most powerful 6-cylinder Ford Truck ever built. You get the brand new 4-speed Synchro-Silent transmission. You get Bonus* Built construction which means big reserves of strength and power. Come in today and get the facts about the new Rouge 254, the fourth in a great line of Ford Truck engines.

*BONUS: "Something given in addition to what is usual or strictly due"—Webster.

New ROUGE 254 SIX ENGINE
FOR THE HEAVY-DUTY F-6
Thoroughly Proved in Industrial Engine and Motor Coach Operation



In Ford Series F-6—110 Horsepower, 212 lbs.-ft. Torque
In Ford Series F-6 COE—106 Horsepower, 210 lbs.-ft. Torque

THE NEW FORD 254 ENGINE gives you all these modern design features!

CHROME-PLATED top piston ring for better lubrication, longer cylinder life.

AUTOTHERMIC aluminum alloy pistons with solid skirt. Steel strut controls piston to wall clearance.

HIGH-LIFT camshaft for increased valve opening, greater power.

FREE-TURN exhaust valves. Self-cleaning, better seating, longer-lived.

COBALT-CHROME faced exhaust valves for hard contact surface giving longer wear.

HIGH-TURBULENCE Power Dome combustion chambers for more power, greater economy.

Ford Trucks Cost Less because

FORD TRUCKS LAST LONGER

Using latest registration data on 6,106,000 trucks, life insurance experts prove Ford Trucks last longer!

WHEN IN DOUBT ASK TO SEE THE SOLICITOR PERMIT

Beware of the solicitor with the glib tongue who offers to sell you "the world" for a small downpayment.

This was the warning of Chief of Police W. W. Sunderland today who reports several cases of door-to-door salesmen cheating residents. These chiseling salesmen offer to sell everything from copper-plated baby shoes to 50 pounds of potatoes . . . and always several cents or dollars below established price.

Upon receiving either the whole sum, or a downpayment, the solicitor hands the housewife a receipt, tips his hat and disappears.

To prevent this type of thing, Daly City hads made it mandatory for every salesman to take out a solicitor's permit. This gives the police department an opportunity to size up both the salesman and his goods. Only after they are convinced he is legitimate will they allow him to go forth and "ring doorbells."

"When you are approached by one of these salesmen, and you believe he may be crooked, ask to see his Daly City solicitor's permit," Chief Sunderland said.

This simple precaution may save you and your family a good many dollars.

THEY CALL THIS FUN—Tingling toes and fingers didn't stop these folks, clad in bathing suits, from romping around in a one-foot snow at Longview, Washington. Gleefully rubbing snow on each other are, left to right: Lavon Rasmussen, Dale Schweitzer, Joyce Snyder and Chuck Goodner.

DALY CITY—COLMA

Gerald J. O'Gara (D), San Francisco member of the state senate, was the guest speaker at the Lions Club meeting held Wednesday.

Guests at the meetng were members of the West of Twin Peaks Lions Club.

O'Gara devoted his talk to the coming 1950 special budget session. At that time the senators will consider various beans of trimming the one billion dollar state budget.

To give his listeners some idea as to the size of the budget, O'Gara asserted that t would take a man earning $1,000 a day since the year 1, another 800 years to acquire one billion dollars.

While the senator is in favor of cutting the expenditures wherever possible, he noted that the state was far behind in construction work, school appropriations and so on.

"During the war we had to cut everything to a minimum, now we're faced with the need for additional expansion. That takes money," O'Gara said.

He also asserted that now California is the second largest state in the union, by population, and is growing every year. Growth requires money, he said.

Turning to the present slot machine controversy, O'Gara said he would support the governor and asked that it be made a felony to own one of the coin grabbers.

Next Wednesday will be "Ladies' Day" at the Lions Club. All members are invited to bring their wives. As this is a legal holiday, there is no excuse for any wife to remain home, a Lions official said.

Food Big Item
The average family uses about a third of its expenditures for family living in feeding the family.

TEST YOUR I. Q.

1. What are the names of Britain's two leading political parties?
2. Are tall steel buildings dangerous during electrical storms?
3. Are porcupines born with quills?

4. Were all dinosaurs huge animals?
5. What are your chances of dying in an auto accident?

Answers to TEST YOUR I. Q.

1. Conservative and Labor.
2. No, skyscrapers act as their own lightning rods; such buildings are frequently struck by lightning, with the occupants being unaware of it.
3. Yes; porcupines have quills at birth, but they do not become stiff until later.
4. No; according to Encyclopedia Britannica, some dinosaurs were no larger than chickens when full grown.
5. Statistics show your chances of dying in an auto accident are only 3600 to one. But, be careful!

More Large Farms
There were more large farms in 1945 than in 1940; about 9,000 more with 1,000 or more acres.

PiP Korny Kopy Contest Ends; Big Winners Next Week

With this week's five Korny Kopy contest winners, the five-week contest, sponsored jointly by PiP shampoo and the Daly City Record draws to an end.

Next week the grand winners will be announced. They will be chosen from among the best writers of the past five weeks. Each of the winners will be given a free one-year supply of PiP shampoo, the marvelous new hair wash developed by a Daly City firm.

The best limerick pointing out why PiP shampoo is the best on the market was written this week by Virginia Alexander, 348 Winchester street. Her limerick is:

Use any ole soap—any ole brands . . .
To do any cleaning or washing your hands.
Hear all the salestalks, read up on the news,
But when it comes to a shampoo . . . New PiP you will use.

Others weekly winners are: Mildred Belli, 8897 Moltke street; Mrs. George Collins, 154 Shakespeare street; F. J. Sturm, 1031 Hanover street, and Mrs. Emilie Grimsrud, 475 Irvington street.

Each of these winners will receive a two-month supply of PiP.

Watch the "Record" next week for the names of the grand winners.

Social Security Agent To Be Hers

Tom Roby, feld representative of the Social Security Administration, located at 42 North B street, San Mateo, says he will be at city hall in Daly City February 22, which is Washington's Birthday.

He will, however, be in the council chambers of the city hall on the 2nd and 4th Wednesdays of each month to assist interested persons in filing claims for social security benefits or applications for social security cards.

Hebrew, Bible Classes Offered

Lessons in both Hebrew and Bible history will be taught Sundays to youngsters in the Daly City area, Mrs. Moe Plansky announced today.

The classes will be held at the Congregation B'Nai Irael church, 67 Los Banos, each Saunday. From 10 to 11 a.m. lessons for the older children will be given, and the smaller children will be instructed from 11 a.m. to noon.

Sanford Tann, well - known teacher, will be in charge of both classes.

Further information may be obtained by calling Mrs. Plansky at DElaware 3-6849.

Lovchen Gardens Operator Fined $200

Pleading guilty to operating a lottery at Lovchen Gardens, Kin Lew, 70, 1110 Leslie street, San Francisco, was fined $200 in Judge R. A. Rapsey's justce court Friday.

Wong Chong Lim, 67, 815 Washington street, also was charged wth operating a lottery in the Colma night spot. However, charges against him were dismissed as he was only a cook, and had nothing to do with the gambling operations.

The Colma club was raided January 18 by county sheriff's officers.

Westlake Chimney Fire Over Week-End

Only one minor fire was reported over the week end, and this was in Daly City at 9:30 a.m. Saturday.

Firemen from three companies answered the alarm, which proved to be a small chimney fire at the home of Mrs. Macke, 368 Westlake avenue.

After a brief "battle" the fire was brought under control. Blaze busters report damage was "minor."

WINTER ON AN ENGLISH FARM—The winter sun casts long shadows as an English farmer traces out deep furrows with his tractor near Pamington. Britain is faced with the task of greater food production as a part of the battle of the dollar.

D. C. Man Arrested In Creamery Raid Is Found Guilty

Sent back to the county jail in Redwood City, to "think it over," Frank Lopez, 22, 173 Goethe street, will be sentenced for vagrancy in police court Friday.

Lopez was picked up when state narcotics agents raided a creamery in Daly City last week. First charged with failure to register for the draft, it was found he had registered. Daly City police charged him with vagrancy.

He was then returned to Daly City where last Friday he pleaded guilty to vagrancy. Judge W. J. Sweeney found him guolty, sent him back to the county jail, and will pass sentence February 17.

Lopez recently served a 30-day term in the county jail after he pleaded guilty to attacking some youths in a Daly City restaurant.

SURREALIST EXHIBITS WORK—Salvator Dali, famous surrealist and mystic painter, displays his painting of the Madonna, which he showed to the Pope during a recent visit. Arriving in this country a short while ago, Dali brought four other paintings to exhibit in New York.

ANYBODY WANT A 'POSSUM?—When Mrs. John Broeker of Quincy, Ill., went to gather eggs she found this 'possum curled up in one of the nests where a hen had just laid an egg. Mr. Broeker is now looking for someone who wants a 'possum. He says it's one of the largest he's ever seen.

Police Trap Young Burglar Suspects

Three San Francisco teen-agers are in custody today, following an unsuccessful attempt to burglarize Northern California Motors, 6601 Mission, Saturday evening.

According to police, one of the 15-year-old boys came to the dealers Saturday afternoon to pay on a car for his sister. While he was talking to the dealer, his 15-year-old companion slipped to the back of the establishment and opened a window.

That night, the two boys, and another accomplice came through the open window and allegedly took two coats from one of the cars.

A few minutes after they had climbed out of the bulding, they were arrested by San Francisco police who were making a routine check of juveniles.

The three boys were to be turned over to San Mateo county juvenile authorities this week.

Scarlet Fever, Mumps Hit D. C.

Despite the cold weather last month, there were only five cases of reported disease in Daly City, the San Mateo county department of public health announced today.

During January 1950 there were three cases of mumps and two reports of scarlet fever. However, no cases of the dreaded polio were noted, and it appeared the danger of an epidemic has passed.

Total cases of mumps in the county last month were 79, as compared with 202 for one year ago. Scarlet fever was on the increase in the county last month, with 10 cases reported as compared with eight one year ago.

has got some of us wondering when it will all end.

• • •

Taxpayers can sit back and relax, there will be no new taxes, says a news magazine. But it's the old ones that have got us on edge.

• • •

When the U. S. got the Atom bomb, Russia felt she had to rush an A-bomb out. Whichever one gets the mightier Hydrogen bomb first, the other had better get the it- out

$4 Million Hillsdale Addition Planned

A $4,000,000 addition to Hillsdale, which will boost by approximately one-third the population of that community, will begin within the next 30 days.

This announcement was made this week by David H. Bohannon, organizer of the development. Plans call for 240 homes, ranging in price from $11,500 to $22,000, to be built on 26 acres adjoining Hillsdale.

At the present time the area has 450 homes and 750 apartments, representing an investment of $13,000,000.

Shanley To Run For Recorder's Job

James F. Shanley, 60, San Carlos, announced last week that he will probably run for county recorder.

Shanley, a veteran of the United States internal revenue service, is up for retirement in March.

He said whether or not he ran, would depend on whether he would continue his service with the government.

At the persent time there are four other persons seeking the job, including Robert Duffy, 141 Los Banos, Daly City.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

CATFISH — No closed season. Bag and possession limit: 15 pounds and one fish in the aggregate. Minimum size limit: 9 inches in Clear Lake; 10 inches in District 22; none elsewhere. Night fishing permitted in District 22, Siskiyou, Shasta, and Modoc counties.

STEELHEAD TROUT — Open until February 28 in specified streams. See abstract of angling regulations.

BLACK BASS—Bag limit: Five fish. No size limit.

STRIPED BASS — No closed season. Bag limit: five fish or 25 pounds and one fish, or two fish regardless of weight. Minimum size limit: 12 inches.

SUNFISH, CRAPPIE, SACRAMENTO PERCH — Bag limit: 25 fish of all species in aggregate. No size limit.

OCEAN FISH — No closed season except for grunion and salmon, now open. Bag limits: 50 scallops, 15 rockfish, 2 marlin, 2 black sea bass, 2 broadbill swordfish, 3 salmon, 10 tuna, croker, skipjack, albacore, barracuda, yellowtail, white sea bass, bonito, rock bass, kelp bass, corbina, halibut, ling cod and cabezone. No limit other species, except salmon, now closed.

CLAMS—Ends April 30 in Humboldt and Monterey bay areas. No closed season elsewhere. Bag limits: 30 razor; 10 big neck; 10 Pismo; 15 Washington in Districts 2 and 10; 15 Washington and big neck combined, but not more than 10 big neck in Marin county. No limit on jack knife clams.

CRABS — Ends July 31. Bag limit: 10 in Eel River, Humboldt and Trinidad Bays; none elsewhere. Size limit: no males under seven inches. No females may be taken.

LOBSTERS — Ends March 15. No bag limit. Size limit: none under 10½ inches.

COCKLES — Ends March 31 in Marin county. No closed season elsewhere. Bag limit: 50. Minimum size limit: 1½ inches in diameter.

FUR - BEARING ANIMALS— Ends February 27. Trapping license required for taking of pine martens, mink, river otters, foxes, muskrats.

PREDATORY ANIMALS — No closed season. No license required for taking of moles, shrews, opossums, gophers, wolves, coyotes, raccoons, weasels, skunks, mountain lions, wildcats.

Douglas Fir

At the age of 80 years, the average fully-stocked acre of Douglas fir will cruise about 35,000 board feet of logs, as they are measured in the woods. The mills would actually manufacture 50,000 feet or so of lumber from these logs. In addition there are 80 or 90 cords of wood of sizes suitable for pulp or fuel.

DAY CARE FOR CHILDREN in licensed home, Westlake district. PLaza 5-2376.

FOR SALE — mouton jacket, beaver dye, stylish, 14 to 16, $35; black suit, like new, $15, etc. PLaza 5-5031.

NEWS FROM THE SCHOOLS

JEFFERSON

The frst grade, room 5, has been very busy getting ready for Valentine's Day. Each child has a list of the names of his classmates and during their art period attractive valentines were made for them. Original stories concerning the value of friendship were read and discussed at the story hour.

ROOM 4

The frst and second grades of room 4 have been learnng about our sixteenth president, Abraham Lincoln. Their interest was aroused by the coming holiday in celebration of Mr. Lincoln's birthday. Both classes learned how Mr. Lincoln studied by firelight, and they realized to some extent how lucky they themselves are today. They drew pictures of log cabins similar to the home Mr. Lincoln lived in with his parents when he was young.

BASEBALL

The baseball season has offically been opened in the second grade, room 6, during physical education period. The class voted on names for the teams. One team is called the "Yanks" and the other team is called the "Seals." Then, captains were elected by the boys. Webby Parker is captain of the Seals and Dixie Howell is captain of the Yanks. The Seals have scored twelve runs and the Yanks have scored ten runs. The playing of baseball is developing a keen interest n sports as well as good sportsmanship.

The third grade, at Jefferson Annex, has become very interested in "Growing Things." The children are carrying on experiments with various types of seeds, bulbs, and slips to see how life begins in these sleepng objects. Robert Nolli brought a redwood burl which had no signs of life; now, it is showing new shoots daily. The group is becoming aware of "Nature's magic" through these simple experiments.

FOURTH GRADE

The fourth grade, at Jefferson Annex, is learning to play bat ball. This is a new game to the Jefferson children and it can be played by students from the fourth grade to the eighth grade. It combines the fun and skill of dodge ball, volley ball, baseball and basketball and the only equipment that it requires is a volley ball. The children play between 10:40 and 11 a.m. and always have a very good time.

CROCKER

BUS CAPTAINS

Crocker's enlarged student body has organized its squad captains for student bus management. Captains elected by their classes are as follows:

Room 1, morning session, Jackie Strieff and Ron Christenson, captains, Roberta Baldetti and Jack Plunkett, co-captains; Room 5, morning session, Sherwood Rupp and Billy Willers, captains, Richard Rusting and Gordon Christianson, co-captains; Room 6, morning session, David Ward and Sidney Warren, captains, Shirley Iverson and Walter Camozzi, co-captains; Room 4, regular session, Sally Reeves and Gus Sakaldasis, captains, Joyce Rogers and John Lucia, co-captains; Room 3, regular session, Delores Powell and Billy Clarke, captains, Anne Cheatham and Ronald Davis, co-captains; Room 2, regular session, George Fresenborg and Joan Perry, captains, Angelo Casserino and Carol Klingaman, co-captains; Class 1, afternoon session, Arlene Callan and Paul Guaraglia, captains, Vera Castellano and Tony Topia, co-captains; Room 5, afternoon session, Jacqueline Hulme and Daryl Hall, captains, Dolores Warnick and Robert Grubb; Room 6, afternoon session, Diane Valentino and Louis Cooper, captains, Cheryl Castor and Charles Lewkowitz, co-captains.

STUDENT BODY OFFICERS

Crocker student body, composed of a "swing shift" session, namely A.M., P.M., and regular, elected its student body officers this past week. To provide experience for all sessions in the school, officers for the A.M. and regular session will coordnate activities with those elected in the P.M. session. Inasmuch, however, the highest group in the P.M. session is a 7th grade, these young adolescents will have the experience of being eligible for student body positions, after being nominated by their classmates.

Following are the students who were elected by their classmates for the A.M. session: Jack Plunkett, president; Dick Kalinin, vice-president; Jane Kennedy, secretary; Sidney Warren, treasurer; Alice Quickert and Ken Moudy, sergeants-at-arms; Jane Dixon and Roy Huntsman, school representatives.

Unusual interest was displayed by the P.M. session as they nominated and elected their student body officers, who as previously mentioned will coordinate activities and rgeulations with the A.M. session. As the votes were being tallied, the anxious expression and tension could be felt throughout ADD—News from the Schools .... .. the room. Following are the officers who will serve as student body officials for the P.M. session: James Snell, president; Dick Hopman, vice-president; Donna O'Dell, secretary; John MacNichols, treasurer; Arlene Trapp and Howard Klein, school representatives; Dave Rasmussen and JoAnn Meadows, sergeants-at-arms.

VALENTINES

Hearts, cupids, arrows, adorn the classrooms and halls at Crocker. In Room 1 of the school, the 8th and 7th grades, who share the room together in the A.M. and P.M. session, have a large heart, on which each child has signed his name. Aside from all the colorful decorations, the H8 of the school have done an artistic job in decorating the library, for a Valentine Dance from 12:10 to 12:50 during the lunch hour. Mr. and Mrs. Snell, and Mr. and Mrs. Falconer have been invited. Only ballroom dancing, a la Arthur Murray, will be featured. This social privilege is going to be given to students to further train them for community social participation. Special thanks go to two high eighth grade students, Alice Quickert, sergeant-at-arms, and Jerry Giomi, who spent several afternoons decorating the room and halls. These two reliable students gave up their own time to surprise their classmates by spending several afternoons making decorations and plans.

ROOM 6

Raymond Means has transferred to San Francisco, while Joe Ruelas has entered Crocker from San Francisco.

In arithmetic Room 6 is working on triangles and in science the class is learning about the time belts. Why they are 15 degrees wide and the use navigators make of the Greenwich chronometer. It is also finding out why the International Date Line does not follow the 180 degree meridian exactly. The line "dodges" land areas so that people who inhabit the islands crossed by the date line do not have different days on the same island.

ROOM 5

The class had a very nice art lesson with Mrs. Kagan on finger painting. She left the recipe with us, so that we can easily make up more for ourselves sometime when we want to do so. Some of the designs were rather good.

This week we are finishing our study of India, and will begin the study of Great Britain next. Some of Richard Halliburton's stories are interesting, particularly the one of the Taj Mahal. A number of the students have brought interesting books from the library or from home.

Arithmetic consists largely of fraction, decimals and per cents, and then turning them around and working them the other way. Sometimes confusing, but most of the class is understanding them.

ROOM 2

Robert Lucas of the H5 grade transferred to Santa Rosa.

Ted Surber visited relatives in Modesto over the week end.

ROOM 3

This week the establishment of a small circulating library within our room has occupied the attention of the 5th grade. Some of the children have added to those already in the room by lending books of their own. This has made it possible to have a larger selection of books on the shelves.

The difficulties of long division have received considerable attention also these past five days. We are happy to report that most troubles in that line have disappeared.

Plans are on for Valentine's Day with a big red and white box taking the center of interest in the room. On Tuesday we will enjoy the messages from all our friends.

We are also begnning to think of some new murals to decorate our walls. These large pictures are always a pleasant way of learning as well as making our room more attractive.

ROOM 1

Sadness stepped into our classroom when we heard that one of our classmates, Ernest Hansen, was injured in a freak accident when he and one of his friends were inspecting a .22 rifle. It is believed that Earnest will be out of school for several weeks; however, we are going to try our best to keep him in good spirits by devoting one English period per week to writing letters to him.

ROOM 1

Interest has increased considerably in social studies now that the class is studying Europe. The realization that most of their grandparents and some of their parents were born in European countries has made it doubly interesting.

ROOM 6

Several children have transferred from Room 6. Leon Beristanos and Betty Green are now going to Jefferson elementary, while Wayne Dillaboy has gone to Portland, Oregon.

In arithmetic the children can now find the per cent of a number by using either a decimal or fraction.

They have found that the Romans taught the British how to build roads, great buildings, and forts. The influence of the Romans is still evident even in the names of such prominent cities as Manchester, Worcester, and Lancaster.

ROOM 5

The students of the sixth grade are studying about the geographical features of the Hawaiian Islands. The students were surprised to learn that these islands are the tops of mountains that were built up from the bottom of the sea by lava from the volcanoes.

In English the sixth graders are learning to make up and tell myths.

Crest Theatre Features Psychic All Of Next Week

Ramus II, noted psychic, known as Hollywood's Miracle Man, will open a week's engagement at the Crest theatre, 7252 Mission, Sunday.

With a full program of predictions and mind reading, he will be on the stage during the week for one performance at 8:30 p.m.

Ramus II comes from a family of theatrical people. Although called a crystal gazer, he does not read the crystal, merely usng it as a power of concentration. His stage performance is based on mental telepathy.

He directs his audience to write out questions signing their initials. He has two reasons for this procedure — first, so that the theater goer impresses the question on his mind, and second, so that he will have a record in case of controversy.

In Hollywood he interviewed many screen actors and because of his popularity there he became known to the stars as "Hollywood's Miracle Man." Patrons may consult Remus on problems during his appearance.

There will be no increase in admission prices during his stage appearance.

SNOW IN SIGHT—This pert young miss doesn't need to look far for snow in Ontario where the white stuff is plentiful. Ski fans find the place a Mecca for their favorite sport.

Your Income Tax Return Problems

(This is the third in a series of articles, prepared by Collector of Internal Revenue James G. Smyth of the First California District, outlining rules and regulations to be followed in filing Federal Income Tax returns.)

Every ndivdual listed on an Income Tax return is entitled to an exemption of $600, whether it is the taxpayer, his wife, or a dependent. Exemptions are that portion o fthe gross income on which no tax is paid at all.

Persons filing returns who have attained the age of 65 by the close of the year are entitled to claim an additional $600 exemption. Any individual who was blind during, or at the close of the year is entitled to an additional $600 exemption. It is possible for an individual over 65 years of age and blind to claim three personal exemptions for a total of $1800

Married couples are entitled to an exemption of $1200, one $600 for each spouse this holds true if joint or separate returns are filed. Extra exemptions are allowed for age and blindness.

Dependency may be claimed for any person who meets the requirements listed below:

1. The gross income of the dependent must be less than $500;
2. The person claimed as a dependent must be closely related;
3. More than one-half of the dependents' support must have been furnished by you;
4. The person claimed as a dependent must qualify under certain provisions of law relative to citizenship and residence.

No dependency may be claimed for anyone who received during the year, a taxable income of $500 or more. No claim for dependency will be allowed for any person regardless of their income if majority support was not provided. When two or more relatives contribute equal amounts for support of an aged parent, no dependency claim may be made by anyone because no one contributed majority support.

Claims for dependency may be made for closely related persons. For Income Tax purposes this means that the decree of relationship is not extended beyond nieces and nephews of blood relation. Cousins are not recognized as dependents.

In a joint return there may be claimed as a dependent, a niece who was related to the wife, but receives her chief support from the husband.

If, however, the wife dies, or they are divorced, the husband cannot continue to claim an exemption for his wife's niece on his returns for subsequent years. She is not related to him.

The dependent claimed must be a citizen of the United States or a resident of Canada or Mexico. This means that close relatives if citizens of and living in a foreign country even though supported by the taxpayer cannot be claimed as dependents.

In establishing a claim for dependency it is necessary that the dependent be alive for only a fraction of the taxable year. For example, a baby born December 31, would entitle the mother and father to full dependency for the year.

A married couple who furnish majority support for an aged parent who died in January would be entitled to claim full dependency for the year. These claims would be allowed on the grounds that they furnished the majority support while the dependent was alive.

No claim for dependency could be made for an unborn or a stillborn child on the grounds that it is not a person. If the child is born and lives only a short period of time, full dependency for the year may be claimed.

Watch for the fourth of this series of articles prepared by Collector of Internal Revenue James G. Smyth of the First California District outlining Income Tax regulations.

They will appear February 23.

Dahl To Answer Bribe Charges February 16

Accused by the San Mateo grand jury of "willful and corrupt misconduct in office," Burlingame Councilman Peter Dahl will answer the accusation February 16 before Judge Cotton.

Dahl has branded the charges "damned lies" and denies he ever received bribes from a tavern bookmaker and a cardroom operator. The two Burlingame "businessmen" charged Dahl with accepting a total of $1,500 in bribes to keep them in business.

Not in custody, Dahl Monday night took his usual position on the Burlingame city council. During the meeting no reference was made to the charges against Dahl.

Regardless of the outcome of the February 16 hearing, Dahl says he will seek re-election to his seat on the Burlingame city council.

Women Of The Moose

A regular meeting, wth initiation, will be held by Women of the Moose, Chapter No. 739, Monday, February 20.

The meeting will be at Moose Hall, 3053 16th street, at 8 p.m. Lucille Evans, ritual chairman, will be hostess for the evenng. Refreshments will be served.

Meanwhile, Women of the Moose will hold their mid-winter conference at Redding February 23 to 25. All members are invited to attend.

JUST WHAT DO YOU CATHOLICS BELIEVE?
1. DO YOU BELIEVE CHRIST TO BE THE SON OF GOD?
2. DO YOU REALLY BELIEVE HE ESTABLISHED A CHURCH AND PROMISED TO REMAIN WITH IT TILL THE END OF TIME?
3. DO YOU BELIEVE THIS CHURCH TO BE DIVINELY PROTECTED FROM ERROR?
4. DO YOU BELIEVE CHRIST MADE KNOWN WHAT HE WANTS OF ALL OF US AND THAT THIS REVELATION WOULD BE AUTHORITATIVELY AND UNIVERSALLY TAUGHT BY HIS CHURCH UNTIL THE END OF THE WORLD?
5. DO YOU BELIEVE THIS CHURCH IS STILL EXISTING, TEACHING EXACTLY WHAT CHRIST TAUGHT?
6. DO YOU BELIEVE CHRIST COMMANDED ALL OF US TO HEAR HIS CHURCH?
7. DO YOU BELIEVE CHRIST INSTITUTED THE MASS, THE SACRAMENT OF THE FORGIVENESS OF SINS, THE HOLY EUCHARIST, ETC.?
8. HOW IS IT POSSIBLE FOR THE AVERAGE PERSON TO KNOW THIS CHURCH?
★
AN INVITATION TO ALL...
Especially Non-Catholics and Those Catholics Who Have Drifted Away
Each tick of the clock brings all of us closer to our ultimate destination, ETERNITY. NO ONE CAN ESCAPE. The solution to our eternal happiness, yes, our present happiness, is wrapped up in the answers to these vital questions.
It is possible that this opportunity to hear an explanation of Catholic Doctrine is what you have been unknowingly seeking. It will cost you but a slight effort to find out. At least you are assured of receiving spiritual values that will remain with you for many a day.
With a prayer in our hearts for your acceptance, we invite you to come to a series of talks beginning 8 P. M. Wednesday, February 22nd, and continuing each Tuesday thereafter during the lenten season, at OUR LADY OF PERPETUAL HELP CHURCH, 60 WELLINGTON AVE., DALY CITY.

IMPEARTRICE BROS. GIVE "DOPE" ON NEW 1951 KAISER AUTOMOBILES

Kaiser-Frazer Corp. today presented the completely new line of 1951 Kaiser automobiles — all-new from bumper to bumper and from road to roof, it was announced today by Frank Impeartrice, of Impeartrice Bros., 7031 Mission street, agency for Kaiser-Frazer Corp.

First of three all-new lines to be marketed this year by Kaiser-Frazer to compete in every major price range in 21 body styles, the 1951 Kaiser models are distinctively styled in custom-built Continental fashion.

New Kaiser styling and functional "firsts" offer such features and innovations as "control tower" vision, with larger passenger car glass area than any other sedan; a new Kaiser "Supersonic" 115-horsepower high torque engine; balanced body and chassis design combining light weight with extraordinary structural strength; a low, 60-inch profile with the center of gravity cradled below the tire line; the industry's first full-padded crash absorbing instrument panel, and new living room interiors with lounge-type seats.

A well-balanced blending of body and chasss has given the new models exceptional headroom, legroom and ease of entry, without resort to depressed floor construction or other design compromises.

The 1951 Kaisers are offered in 12 body types — Special and De-Luxe four-door sedans, two-door sedans, club coupes, business coupes, and two- and four-door Traveler utility sedans—each with a customer's choice of conventional drve, overdrive or Hydra-Matic.

Edgar F. Kaiser, president, described the new Kaiser line as Kaiser-Frazer's answer to "public desire for a truly modern, safety-styled automobile . . . a car balanced in every detail without being radical in any . . . the car of tomorrow, today."

Kaiser said that the 1951 line is the result of nearly five years of creative engineering by K-F styling, body, engine and chassis designers.

Unmistakable Continental styling touches are apparent in the new automobile. They are evident in the "sweetheart curves" in the roof at the top centers of the windshield and rear window, and in the "gullwing" dips which simulate rear fender lines.

Likewise of Continental flavor is the "single roll" design of the body, which curves in an unbroken line from base to window level.

There is a slight down-sweep to both front and rear fenders, with the overall flowing design theme carried out in the lines of the "cascade" back.

Another identifying note is a protective chrome trim panel, or rub rail, which extends at bumper level for the entire length of the car.

The 3,541-square-inch safety glass area, in addition to providing unmatched vision, also offers the advantages of aerodynamic design. The windshield, which sweeps back at a 51.5 degree angle, presents a total area of 1,096 square inches—by far the largest of any sedan.

The windshield posts, which are rigid structural members of the all-steel body, are set well back from the driver's lateral range of vision. Slimmest in the industry, the slender posts vrtually eliminate a "blind spot" particularly hazardous in city driving.

The broad, 1,000-square-inch rear window curves in harmony with the lines of the cascade back, thus contributing to greater all-around vision and reduced wind "drag." New type mounting of the side glass, nearly flush with the exterior body panels, effectively curbs wind noise.

Blending of chassis and body design has resulted in two "plus" performance factors. One is an unusually short turning radius which permits the driver to maneuver the car i na tight circle. The other is exceptional clearance provided for vertical travel or "jounce" of wheels when the car is driven over rough roads.

Safety and ease of handling also stem from the design of the new x-type frame, which acts as a skid in protecting the engine and vital underbody parts from damage.

Other advances nclude oversize "jumbo" brakes nearly double the efficiency and life of that of the average of the industry; new "Tru-Line" center-point steering with "lock-socket" linkage; new springing which curbs side sway and "squat" and "dip" in starts and stops; new pistol-grip hand brake conveniently located next to the ignition switch; high capacity fresh air-conditioning with defrosting across the entire windshield; single-key ignition and lock system; customer-tailored front seat location with an adjustable range of seven inches, as compared to the industry's average of four; freeze-proof door locks and door latches effective against accidental opening, and "tumble-home" doors.

An exclusive Kaiser convenience feature is the "tuck-away" tire well in the spacious trunk, where the spare time is recessed out of sight and out of the way for scuff-proof luggage storage. When in place, the tire well cover is an integral part of the floor.

New also is the 115 h.p. Kaiser "Supersonic" engine offered for the first time in K-F's 1951 models. The Supersonic is smoother, quieter and more powerful than any previous K-F engine, with substantially better acceleration and fuel economy.

Among the features contributing to its efficiency are a high-capacity sealed cooling system; precision balanced pistons with a flash chrome upper ring; center-of-gravity type engine mounting; a 100 per cent counterbalanced crankshaft; a hydraulic damper; extra rigid block, and new "mushroom" tappets.

"Our dealers," Mr. Kaiser stated, "are the only new car dealers in America who will have absolutely new 1951 automobiles, with styling and engineering features years ahead of competition. With three new lines of merchandise created to fit every pocket book, Kaiser-Frazer is in a position to make an agressive bid for a leading place in the industry."

Do You Want To Cut Your Federal Taxes?

Something For Nothing

You know that you can't keep drawing money out of your bank account without ever putting any in. The bank doesn't play that way. This is also true of Federal financing. Every dollar spent must sooner or later be collected in the form of taxes.

Many of these taxes are hidden, such as the $2.44 you pay on a $30 radio, or the 62 cents on the average alarm clock. These are in addition to the direct taxes of which the average citizen is painfully aware.

Tax money is necessary to run our government. But all too much of it is wasted by inefficiency, duplication of effort, overlapping of Federal agencies or appropriations for services to pressure groups.

Heretofore, no one has known how much these government services cost us through waste and inefficiency. But some surprising facts have been revealed by the Commission on the Organization of the Executive Branch of the Government. This twelve-man, bipartisan Commission was created by Congress with the approval of the President. At the suggestion of Mr. Truman, former President Hoover was made its Chairman.

The Army, Navy, and Air Force asked for $30 billions of appropriations after being told that $15 billions was all the Nation could afford. The Army applied for 829,000 tropical uniforms at $129 apiece and homes for military personnel in Alaska at $58,000 apiece. Yet every dollar spent in such activities comes out of your pocket in the form of taxes.

Fifty Federal agencies jostle each other collecting statistics at an annual cost to you, the taxpayer, of $43,000,000. Many of the statistics are of use only to small groups, or collect dust in government files.

The Corps of Army Engineers and the Bureau of Reclamation are expert at selling the "something for nothing" idea to the American public. Underestimation of costs appears to be their specialty. The original price tag put on the Colorado-Big Thomson project was $44 millions. Its final cost was $131,800,000. Such discrepancies, the Commission wryly notes, "hardly can be explained by increases in labor and material costs."

You may obtain information about how you can fight waste and inefficiency in our government by writing to the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Philadelphia 2, Penna. Also write your Congressman! Tell him you want laws enacted which will put into effect the suggestions of the Commission!

Make Use of Felt

Use felt from discarded hats for house slippers, a handbag, warm mittens for a school child. Grease spots come out of felt with dry-cleaning solvent—or the felt may be washed in mild, warm soapsuds, though this takes out some stiffness. Felt may be stretched slightly, shrunk, or molded with steam and a hot iron, and sewed by hand or machine the same as cloth. Since there is no raveling, there is no need to finish seams.

Luncheon Dish

Dried beef may be torn into small pieces, sauteed in butter or margarine and then added to a sauce made of condensed mushroom soup and milk. Served on toast or in a noodle ring it makes an excellent luncheon dish.

D. C. Officers To Attend Police School This Month

In an effort to keep abreast of the latest in police work, the majority of Daly City policemen will spend two weeks in school from February 20 to March 10.

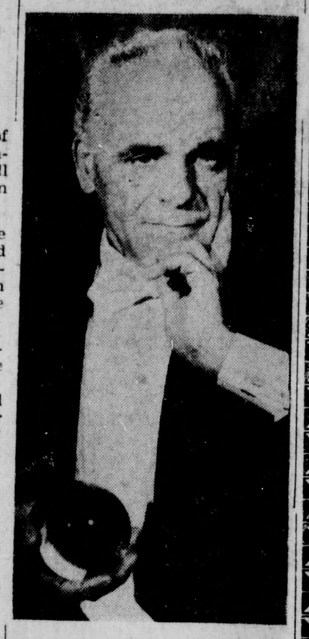
Giving up their leisure time, the officers will attend afternoon and evening classes at the Law Enforcement Association school in San Mateo. Instructors for the courses will be agents of the FBI.

Classes will be held in everything from report writing to rifle practice.

"When an officer has completed the school, he will be in a better position to serve the community," Chief of Police W. W. Sunderland said.

Officers who have volunteered for the school include: Chief Sunderland, Sgts. Bill Bolger and R. Benedetti, and Patrolmen Jim Welsh, Hank Sundermann, August Benassini, Lester Bastido, David Hansen, John Walsh, Arthur Linhares, and Dean Wood.

CREST FEATURE



Ramus II, noted psychic, will open a week's engagement at the Crest theatre, 7352 Mission, this Sunday. He will be on the stage each evening at 8:30 o'clock and will perform fetes of mental telepathy. There will be no increase in admission prices.

Davis To Appear In Superior Court

The Daly City man who robbed Brennan's Shell station, and 48 hours later turned himself over to police was the object of a preliminary hearing in police court Friday.

Wayne Davis, employe of the California Seed and Nursery, will appear in Superior court later this month to answer the robbery charge. However, as he turned himself in 48 hours after he had held up the station at 2001 Junipero Serra, indications were that he'd receive a light sentence.

Judge W. J. Sweeney refunded Davis his $50 bail, and released him on his own recognizance.

Apparently intoxicated, Davis came into the station the night of February 4, and at knife point extracted $76 from an attendant. The following Monday he returned the money, an dhanded himself over to police.

Buffalo Bill Williams Receives $3,653 Damages

Robert "Buffalo Bill" Williams, of the ranch of that name at the end of 87th street, was awarded $3,653 last week by Superior Judge Murray Draper for damages resulting from work of the Stoneson corporation.

According to Williams, the Broadmoor builder walled in a creek that ran through his land, thus causing damage to his ranch. Represented by Attorney Tom Bocci, of Fahey, Bocci and Gallen, Williams had asked for $5,000 damages.

During the five-day jury trial, it was brought out that when Stoneson had leveled off land near the Williams ranch he had allegedly caused the operator damage to his property and a loss in business. This work by Stoneson was carried on from April, 1947, to six month thereafter. Action for damages was brought against Stoneson by Williams in May, 1948.

ELDER STATESMAN — Bernard Baruch, author of the Baruch plan for international atomic controls, has moved his famous "park bench" to his own front porch in Georgetown, S. C. Here the statesman relaxes after entertaining General Marshall.

To Meet Saturday

Discussing plans for the Juliet Low world friendship fund, chairmen from various Daly City Girl Scout and Brownie troops will meet this Saturday.

The meeting is scheduled for 11:15 a.m. February 18, at the home of Mrs. Larson, 315 Templeton.

Mrs. Larson asks the Julet Low chairmen of Troops 1, 5 and 14 to be present, as well as representatives from Brownie Troops 7 and 11.

LOADING PROCESS OF T-8 TRANSPORT—During the breakaway of the control sections of the giant transport a medium or heavy tank can easily move onto the bed between the two sections. Built of steel and heavily coated with armor plating to withstand enemy fire, some of the vehicles weigh 100 tons. (Official Department of Defense photo).

KING GOES SHOPPING—Just like any other shopper King Frederik IX, of Denmark, looks over what he buys as he goes shopping in the North Jutland village of Farsoe with his eldest daughter, Princess Margarethe. The village is close to the king's hunting cottage, where the royal family spent their winter vacation.
